

**Propeller Clips
Airbase Worker**

DAYTON, Ohio (AP)—An "airplane parker" at Wright-Patterson Air Force Base here was clipped on the chin by a propeller last night—and she lived to tell about it.

Mrs. Elizabeth Fennell, however, won't be talking about her escape for a few days. Base officials said it was a miracle she lived.

The 29-year-old flight line employe lost a tooth and had 12 stitches taken in the lower part of her face. She was treated at the base hospital and sent home.

She had guided an twin-engine C-119 into parking position and was placing blocks in front of the plane's wheels when the propeller hit her.
