

SUMMER MEMORIES are brought back in this picture of the head of Wood River taken last September at the picnic grounds in Kimball State Park. Nestled just under Sun Mountain the park is one of the most beautiful in the state and offers picnickers a cool spot for a summer afternoon.

Anti-Picketing Law Contested

THE DALLES — A court test of constitutionality of Oregon's anti-picketing law was resumed in Circuit Court here Wednesday after a week's recess.

The case is an outgrowth of picketing by the Retail Clerks Union at the non-union East Hill Food Center.

Robert and Paul Flaman, pro-

Larry Doby of the Cleveland Indians hit a home run in each American League Park during the 1954 season.

priorities who are seeking an injunction against picketing, contend the union does not represent the store's workers so there is no labor dispute.

Donald Richardson, the union's attorney, told the court earlier that the anti-picketing law is un-

constitutional and has been found so by courts of Josephine, Lane and Coos counties.

South Koreans, U.S. Sign Economic Aid Agreement

SEOUL, (AP)—South Korea and the United States today settled their outstanding differences and cleared the way for a 700-million-dollar economic aid program.

U. S. Ambassador Ellis O. Briggs and Prime Minister Pyun Yung Tal signed the agreement, formally ending three months of wrangling.

The settlement sets forth a broad area of agreement on political, economic and military questions and reiterates the interest of the United States and South Korea in achieving common objectives.

The United States agreed to provide South Korea in the next fiscal year 250 million dollars worth of economic aid and 450 million dollars in military assistance. A reliable source said it would be America's largest single aid program for 1955.

South Korea agreed to:

1. Encourage private ownership of industrial projects.
2. Establish new procedures for converting dollars at "a realistic exchange rate" both for use by United States forces and assistance fund officials.
3. Make "efforts to balance its budget and to continue to resist inflation."
4. Procure aid supplies "wherever is non-Communist countries goods of the required quality can be obtained at the best price."

This presumably ends South Korea's bitter opposition to buying from Japan, which once occupied Korea.

Gen. John E. Hull, U. S. Far East Commander, and ROK Finance Minister Lee Joong Jae have agreed South Korea will accept repayment of hwan loans to the Allied forces at rates set by the United States. The ROKs have insisted on repayment at 180 hwan to \$1, which U. S. officials considered unrealistic. They will be repaid at \$1 for 254 hwan for June, July and August and \$1 for 310 hwan for September, October and November.

The formal agreement says South Korea pledges "to cooperate with the United States in its efforts to unify Korea, including possible efforts through the United Nations." But this does not commit President Syngman Rhee's government to accept a plan without its

specific approval. South Korea also accepted "proposed levels and principles for a strengthened military establishment consistent with economic stability and within available resources."
