US Presses For Vote On Atom Plan

UNITED NATIONS, N.Y. (U.S.)—With Russian approval virtually certain, the United States and its atomic allies pressed for a vote today on their compromise plan to promote President Eisenhower's atom-for-peace program. Diplomats predicted unanimous assent. The U.N.'s 60-nation Political Committee, in recess until late today to let members consult their governments, hoped to reach a ballot tonight on the seven-power resolution to set up an international atomic agency.

U.S. Chief Delegate Henry Cabot Lodge Jr. presented the revised proposal yesterday with a plea for unanimous support. Virtual agreement between Russia and the West was reached after a week of closed-door bargaining between Lodge and Soviet Chief Delegate Andrei Vishinsky. Vishinsky told the Western sponsors yesterday he approved of the revised plan on all but one point. Informed sources said this difference would not stand in the way of final Soviet approval. Vishinsky opposed a Western provision to invite only members of the U.N. and its specialized agencies to the proposed scientific conference on peaceful uses of atomic energy. Apparently seeking a bid for Red China, Vishinsky argued that there should be no restrictions on the invitation list. The resolution: 1. Provides that the scientific conference be held next summer. 2. Suggests that as soon as the international atomic agency is set up, it negotiate an appropriate agreement with the U.N. The original resolution called for making it a specialized U.N. Agency, but the Russians objected and called for it to be placed under the Security Council. 3. Suggests that negotiations on the agency continue, as recommended by Russia.

KF Trucker Faces Suit

PORTLAND (U.S.)—A federal court suit brought here by the government says Alexander L. Vincze of Klamath Falls is operating a trucking business without proper certificates from the Interstate Commerce Commission. It asks that his operations be enjoined until the permits are obtained. At issue is the government's contention that Vincze is principal owner of the O.K. Transfer Co. of Klamath Falls, Pioneer Truck Rentals of Medford and Drivers Service, Inc., of Medford. The suit says that trucks are handled from the three firms as though they were independently operated and thus avoid a federal certificate requirement.

PELICAN BEAT

By NANCY CLARK Hello again from the Pelican Beat. I'm back with some more of that ever happening stuff that makes news at Klamath Union High School. If some night you happen to be walking by our dear old KUIHS and see the midnight oil burning you'll know it's some of our time teachers who devote their time in teaching night classes. You may see Mrs. Herron's class, that is if you can see in the dark, learning all about photography and dark room work. Mr. Buelow may be heard if not seen by the clicking of typewriters as his students endure the finger labor. Likewise from Miss Shupard's classes may be heard the humming of sewing machines. Mr. Hall teaches art to those fortunate who have the years to produce lovely masterpieces. Mrs. Shannon is sometimes found on the first floor teaching business machine or shorthand. Congratulations are in order for the young ladies of our school who belong to the Future Nurses Club. As we all know, nurses of today are vitally needed. With more such clubs in high schools, it may increase interest in this field. Their organization meeting was held November 3 with Mrs. M. E. Robinson and Mrs. Buford Hargus, of the medical auxiliary, discussing the purpose of the club and the activities planned for 1954-55. A program was outlined for the year and officers elected. The officers are as follows: Nell McFarland, president; Peggy Brown, vice president; and Ruth Larson, secretary-treasurer. Mrs. Howard Strode is adviser of the 30 girls attending the meeting. We all wish the new club loads of success. Play day for the Girls Athletic Association was a well-planned event that brought 170 girls from Lakeview, Ashland, Rogue River, Eagle Point, Crater, Jacksonville, Grants Pass and Sacred Heart Academy. Betty Baggett, Judith Jeske, and Erna Bleak were responsible for all arrangements on November 6 that made it a truly "play" day. The girls first divided into teams to play volleyball. While winners of volleyball games were playing off for the championship the remainder of the girls went swimming in the Natatorium. After lunches of sandwiches and pop furnished by the Klamath GAA Club, they sang songs and played charades. In fact the girls had a much fun Grants Pass is hosting a similar, but not quite so large an affair this Saturday.

Beatty Man Wounded In Knife Fight

One man was critically wounded, two others received cuts and bruises and two women were beaten in a free-for-all fight that broke out what state police and sheriff's officers termed a "vino party" at Beatty Thursday night. Milton (Grumpy) Smith, 19, is in Klamath Valley Hospital, with knife wounds to the head and neck. Raymond Faithful, 20, his alleged assailant, is in the county jail on a charge of assault with a dangerous weapon. He was treated for a gash on the head. Also under treatment is Holo Jackie Brown, 28, who told officers he was slugged with an automobile spring during the fight. Two women who attended the party, Windy Anderson, 20, and Rosetta Crane, 19, reported they were beaten during the melee. District Attorney Frank Alderson said Faithful admitted attacking Smith with a butcher knife. Alderson said the two men had quarreled earlier and Faithful was cut slightly with a knife. "According to Faithful's story," Alderson said, "after he had been home and obtained a butcher knife. He said he was going to show Smith what really could be done with a butcher knife." A surgeon who attended Smith said no pulse beat could be detected when he was first examined at the hospital. However, he quickly responded to treatment and is expected to recover. "According to a report at state police headquarters the Crane woman earlier Thursday went to Bly and filed an assault charge against Faithful. She then returned to the Beatty residence where the party was in progress.

United Fund Meeting Held

United Fund executive committee mapped plans for cleanup of the campaign at a meeting Thursday evening in the YMCA building to which board members were invited. Heads of agencies served by United Fund were appointed to chairman teams which will complete contacts of areas and firms which to date have not reported to the campaign office. The agency executives accepted these duties as their responsibility toward a meeting their own operating costs. It has been emphasized that unless the 1955 United Fund - Red Cross drive comes very near its goal, the individual agencies will be out of funds probably by late summer and will be forced to conduct separate solicitations. It is hoped that cleanup will be completed within the week. A report from the office management committee, presented to the executive committee, shows additional curtailments of expenses. Bob Puckett, employed as executive secretary for the fund, turned in his resignation effective November 12 on the basis that he has done as much as possible in that capacity. Puckett will continue as a volunteer worker until December 1. Beth Anderson, office secretary for Community Chest who has been with the United Fund since its inception, was released from duty November 17. She has continued serving as a volunteer in working towards success of the drive.
