

THIS IS AN INTERIOR VIEW of the main floor of the new Klamath County Library, looking from the front door to the rear toward the children's department. The library is to be open to the public Monday, November 29.

Singer Faces Contract Suit

MONTREAL (P)—French singer Charles Trenet was out of jail under \$25,000 bond today pending hearings on a \$141,000 breach of contract suit brought against him by a New York theatrical company.

The suit was filed by Hello Parée Inc., producers of a revue scheduled to open next month on Broadway, when Trenet failed to appear for road showings. The singer was arrested Tuesday under a Superior Court writ issued to prevent his leaving the country.

The singer spent almost 24 hours in jail before his manager, Michel Leroy, was able to post the bail. Trenet has said he will file a \$250,000 countersuit against the company. He maintains the contract he signed with Hello Parée Inc. is invalid because Actors' Equity Assn. of New York did not approve the theater appearance.

Management Of Tavern Changed

FORT KLAMATH — November 15, management of the Old Fort Tavern and Cafe was taken over by Alfred E. Frazier, former bartender. He assumed the 8-year lease with option to buy, under which the establishment has been operated since January first of last year by Mr. and Mrs. Lloyd C. (Blackie) Hauptman. The business is owned by Mr. and Mrs. Clay Thomas, Klamath Falls, who as the Thomas Lumber Co. operate a portable sawmill near Fort Klamath.

Assisting Frazier in running the tavern and cafe will be Norine Holistel, long time employee of the Hauptmans at their Chemult restaurant. Mr. and Mrs. Gene Parker, Chilcoquin, have been in charge of the cafe part of the business, serving short orders only, under the new management, full dinners will be on the daily menu.

Several improvements are planned for the coming months, including extensive redecorating of the premises and changes in kitchen arrangements. Each weekend a special orchestra will play for dancing in the Bronco Room.

Mr. and Mrs. Hauptman are moving this week to Chemult, where they will devote their entire time to management of their restaurant. Their local residence has been rented to Mr. and Mrs. Gail Culver.

Weed Lions Raise Funds

WEED — Proceeds of the Weed Lions turkey event last week, are earmarked for the community betterment projects of the local club. The latest of which will be the purchase of a portable hospital bed for the use of Weed residents.

Les Kyle, chairman of the 1954 event, praised the local merchants for their cooperation in donating many valuable gifts. A gift was awarded every two minutes during the evening show which was attended by a large crowd. Over 130 prizes were awarded.

Other major projects of the local Lions Club include the club's assistance in raising funds and promoting night fights for the Weed High School football field; a purchase of an Iron Lung and blood bank refrigerator; eye care for needy Weed children; parkas for the Weed High Cougars football team; sponsors of Boy Scout Troop 31 and Cub Pack 31; and in 1952 through 1954 donating more than \$200 to the March of Dimes program.

Zack Perry is president of the Weed Lions Club this year. Meeting nights are each Wednesday evening with dinner at 6:30 and at the present time regularly at the Y-cafe.

Take it from me girls... stay Smart and Healthy

By BESSY, The Basin Bossy

Americans are growing taller and doing it at less cost than ever before. These two developments are among the most significant facts in our modern society, according to one research expert.

Pointing out that better health through a better food is resulting in a taller, stronger nation, he cited a recent scientific report which confirmed that the average Oregon university freshman last year was 2 1/2 inches taller than the average Oregon freshman of 1893. The 1952 Oregon freshman was also 18 pounds heavier and one year younger than his 1893 predecessor.

"Fine food and enlightened eating habits are primary factors in the American record of increased growth," he said, "yet today's fine food actually costs less than in previous years."

"A quart of milk, for example, costs the average industrial worker 11 minutes of his wages in 1940. Today, it costs him only 8 minutes work. Similarly, other dairy foods such as butter, cheese and ice cream cost less today in terms of real purchasing power than they used to."

Anyway, you'll grow taller too, if you drink lots of good, pure "Grade A" milk from the Klamath Basin. That's something to be thankful for. — BESSY.

Oregon Man Wins Big Damage Suit

PORTLAND (P)—Edith Green's administrative assistant when she goes to Washington as representative from Oregon's Third Congressional District will be Donald R. Larson, 38.

She announced his appointment Wednesday. Larson has been a journalism instructor at Portland State College and manager of information services for the extension division of the State System of Higher Education for two years. Formerly he was a Great Falls, Mont., newspaperman.

Mrs. Green plans to leave for Washington Friday to look for living quarters. She will take office Jan. 5.
