

MRS. ROSE KERRIGAN

Former Basin Resident Dies

Mrs. Rose (Walter) Kerrigan, prominent member of the Klamath tribe and a native of Chiloquin, died at the family home in Ashland early Tuesday morning. She would have been 74 years old on December 26.

Mrs. Kerrigan had been ill for some time and had been in the Ashland Hospital a few days before her death. She had visited relatives at Chiloquin last week. Death was attributed to a heart attack.

Mr. and Mrs. Kerrigan moved to Ashland in August, 1923.

Mrs. Kerrigan was the mother of 14 children, three of whom survive in addition to her widower. A daughter Mrs. Edward (June) Poitras lives in Portland. Her two sons are Orville Wright, Beatty, and Harry Wright, Chiloquin. Also surviving are 38 grandchildren, 41 great grandchildren, and two half sisters, Mrs. Pansy Olds, Chiloquin and Mrs. Viola Rugg of Applegate, Oregon.

She was a member of the Methodist Indian Mission of Williamson River.

Tentative plans for funeral arrangements are for graveside services, at 10:30 a.m. Thursday, December 2 at the Wilson Cemetery, Williamson River with the Rev. Harvey Zeller officiating. Funeral arrangements are in charge of the Litwiller Funeral Home, Ashland.

Mail Point Announced

DUNSMUIR — Postmaster William M. Welch announced last week that Dunsmuir became the distribution point for all mail from Medford south to the Siskiyou County line, as of last week.

Word was also received that Greyhound buses will handle first class mail and air mail between San Francisco, Medford and intermediate cities according to notice received by Mrs. H. L. Rubidoux, Dunsmuir Greyhound agent. This will result in a speedup of mail service between here and San Francisco of some four to five hours.

A bigger load will be thrown into the Dunsmuir Post Office with the new setup, as mail will be sorted and sent on all trains and buses in closed pouches, eliminating some of the work that was formerly done on the train. Mail will be loaded on the Shasta Day-

light (trains No. 9, 10) and the Cascade (trains 11 and 12), but will only be handled as baggage by baggage men.

This is all a part of the U.S. Post Office's "Operation Air Lift," an experiment started a year ago on orders from Postmaster General Arthur Summerfield. Welch said. First class mail will be air-lifted on a space available basis all up and down the Pacific Coast in an effort to streamline postal service.
