K.F. Postmaster Suggests Ways To Send Xmas Mail

Persons having bunches of greeting cards to deposit are urged to tie them in bundles with addresses all faced the same way before mailing, Chester L. Lang's let, Klamath Falls postmaster, said today.

Labels for bundles of cards are being distributed now to mail boxes by his office. Use of the labels will facilitate handling of Christmas mail.

The Post Office Department suggests sending holiday greetings as first class mail to obtain the many advantages which this service affords. Such greetings prepaid at the first class rate may be sealed and contain written messages. They are dispatched and delivered first and forwarded, if necessary, without additional charge. If undelivered, they are returned at no further expense to the mailer, provided the return address is shown on the envelope.

Unsealed Christmas greetings sent as third class mail without unauthorized writing enclosed are chargeable with 2 cents postage (if weight does not exceed two ounces). However, a minimum charge of 3 cents is applicable to such greeting cards which measure less than 4 inches long or 2 1/2 inches wide.

PARCEL MAILING — Parcels are limited as follows this year: 72 inches, length and

Christmas gifts should be insured or registered. Parcels containing small articles of considerable value, such as watches and other articles of jewelry, should always be registered. If desired, mailers may obtain return receipts for registered and numbered insured articles.

Address all matter plainly and completely in ink or typewriting, giving street address and apartment number, if any, or box or rural route whenever possible. The delivery zone should be shown when applicable. Place your own return address in upper left hand corner on the address side. Use of address tags should be avoided on small packages.
