Shaw 3rd Team Selection

By TED SMITS

NEW YORK (AP)—A widely diversified 11 led by the best balanced backfield of recent years has been chosen as the 1954 Associated Press All-America football team.

In the backfield announced Wednesday are Ralph Guglielmi, the crafty Notre Dame quarterback, Howard Cassidy of Ohio State and Dicky Moegle of Rice, halfbacks, and Alan Ameche, powerful Wisconsin fullback.

The team was chosen on the recommendations of 11 AP regional All-America boards plus individual recommendations received from more than 500 AP member newspapers and radio stations, and is based on full reports for the entire season.

On the line are Ron Beagle, Navy, and Frank McDonald, Miami (Fla.), ends; Jack Ellena, UCLA, and Rex Boggan, Mississippi, tackles; Bud Brooks, Arkansas, and Ralph Chesnauskas, Army, guards; and Kurt Burris, Oklahoma, center.

AVERAGE
The 1954 All-America averages 207 pounds in the line and 188½ in the backfield.

The bigness of the team reflects the return to strong, durable players in the second year after elimination of the two platoon system with its unlimited substitutions.

The trend of play in 1954 appeared to be away from passing and back to the running game.

NEW YORK (AP)—The 1954 All-America football team selected by The Associated Press:

FIRST TEAM

End — Ron Beagle, Navy
End — Frank McDonald, Miami
Tackle — Jack Ellena, UCLA
Tackle — Rex Boggan, Mississippi
Guard — Bud Brooks, Arkansas
Guard — Ralph Chesnauskas, Army
Center — Kurt Burris, Oklahoma
Back — Ralph Guglielmi, Notre Dame
Back — Howard Cassidy, Ohio State
Back — Dicky Moegle, Rice
Back — Alan Ameche, Wisconsin

SECOND TEAM

End — Max Boydston, Oklahoma
End — Bill Walker, Maryland

Guard — Calvin Jones, Iowa
Guard — William Meigs, Harvard
Center — Hal Easterwood, Mississippi State

Back — Paul Larson, California
Back — Frank Bernardi, Colorado

THIRD TEAM

End — Ron Kramer, Michigan
End — Jim Pyburn, Auburn

Guard — Jim Salisbury, UCLA
Guard — Gene Lamone, West Virginia
Center — Leon Cunningham, South Carolina
Back — George Shaw, Oregon
Back — Len Dawson, Purdue
Back — Leonard Moore, Penn State
Back — Bob Pascal, Duke

Despite the curtailment on substitutions, the better teams were characterized by machine-like perfection that tended to subordinate the individual.

Geographically the first team is divided as follows: One Eastern (Army), one from the mid-Atlantic states (Navy), two from the South (Mississippi and Miami), two from the Southwest (Rice and Arkansas), three from the Midwest (Notre Dame, Ohio State and Wisconsin), one from the Midlands (Oklahoma) and one from the West (UCLA).

All of the first team selections are appearing at the top for the first time. Of last year's first team, only Larry Morris, Georgia Tech center, was eligible again in 1954, and Morris was handicapped by injuries.

Ohio State, the nation's No. 1 team in the AP poll and winner of the O'Donnell Trophy emblematic of the national championship, placed Cassidy on the first team and Dick Hlinski at tackle on the third.

UCLA, also undefeated and a close runner-up to Ohio State, has Ellena on the first team, Bob Davenport in the second team

Alabama Humbles Bradley

By THE ASSOCIATED PRESS
Alabama, the team many figure will give Kentucky a tussle for the Southeastern Conference basketball championship this season, has convinced Bradley it might be very true.

At Peoria, Ill., Tuesday night, Bradley held a 30-26 halftime lead, but Alabama pulled away with a red hot second half rally to win 84-65.

George Linn led his 'Bama mates with 26 points. Bradley's Harvey Babetch scored 22. In other important games, three top-ranked teams came through without undue pressure. Holy Cross, rated No. 5 in The Associated Press pre-season poll, whipped Massachusetts 85-64; seventh-ranked Dayton trimmed Miami of Ohio 87-67; 10th rated North Carolina State beat Wake Forest 100-81; while St. Louis, No. 12, handed Texas Christian its first defeat of the season 75-58.

JIM BEAM

World's Finest Bourbon since 1795

There's no machine-age way to create true bourbon flavor. JIM BEAM is still made according to the traditional BEAM family recipe—with clear Kentucky Limestone water and selected grains, then left to mature for years in barrels of charred, seasoned white oak. That's why Beam tastes better.
