Sheppard's Defenders To Summon New Key Witnesses

CLEVELAND (AP) — Dr. Samuel Sheppard's lawyers summoned a new set of witnesses today to support a main pillar of his defense... that he was a happily married man at the time his wife Marilyn was murdered.

"I thought I saw someone on the beach... Something hit me from behind," the witness testified. Mrs. Hulse said she found a "red mark" on his neck on the left rear side, and blood in his mouth and on his teeth when she asked to open his jaws so she could make an X-ray.

two women, Dr. Richard Sheppard, doctor. The prosecution tried to elicit testimony from him about "talk of separation" between Dr. Sam and Marilyn, but he said, "It was a never seriously discussed with his jealous of Sam's work as a me."

Civil Defense Message Told

The Federal Civil Defense Administration has given special recognition to the widely distributed St. Joseph calendar as a means of putting civil defense information into American homes.

In a message to FCDA agencies and individuals all over the nation, the FCDA points out the public service being done by the 1955 St. Joseph calendars and urges cooperation in their distribution so that citizens can be better prepared for the emergency of bomb attack.

St. Joseph calendars, filled with such information as weather forecasts, planting and fishing charts, times of sunrise and sunset, moon phases, sign of the Zodiac with horoscopes and other timely data, first ran a civil defense chart for 1954. It was so popular that drug dealers from coast to coast, as well as Plough, Inc., drug manufacturers in Memphis, Tennessee, who print and distribute the calendars, were deluged with requests for free copies.

The calendars are obtainable from most drug stores or by writing Plough, Inc.
