**When Colds Make Him Cry — Give Your Baby Relief that DOES MORE THAN WORK ON CHEST!**

**VICKS VAPORUB**  
When a cold makes your child miserable, he needs a medication that does more than just work on his chest. He needs Vicks VapoRub — because it acts two ways at once:  
1. VapoRub relieves muscular soreness and tightness, stimulates chest surfaces.  
2. At the same time, VapoRub's special medicated vapors also bring relief with every breath. You can't see these vapors, but your child can feel them as they travel deep into the nose, throat and large bronchial tubes. Congestion starts breaking up. Coughing eases. Soon he enjoys warming relief that lasts for hours. So when colds strike, use the best-known home remedy to relieve such suffering — Vicks VapoRub.
