Washington Sources Report Housing Probe Toned Down

WASHINGTON (AP)—Charges of irregularities in government housing programs constituted the "worst" scandal in United States history and yielded builders a billion dollars in "windfall" profits, reportedly have been stripped from a Senate Banking Committee report now awaiting publication. Sources close to the committee said this was done after banking group Democrats balked at signing the report as originally written.

SP Brakeman's Death Learned

DUNSMUIR — Harry Nelson, veteran Southern Pacific brakeman on the Shasta Division, suffered a stroke Sunday morning at Anderson, California. He was taken to the Memorial Hospital in Redding where he died.

Nelson is survived by his wife Harriet and two daughters. The family home is in Mount Shasta. Noble's Chapel will announce the funeral arrangements.

SMOG

LONDON (AP)—The Daily Express reported today after a sampling of British home owners that 94 per cent have at least one fireplace. And 61 per cent of those are determined to keep them, smog or no smog. A recent government report said open coal fires were chiefly responsible for London's death-dealing smogs.

struction program and a home improvement program, both of which used federal insurance of private loans. The home improvement program still is in operation, but the apartment building program ended during the Truman administration. The Banking Committee probe centered for the most part on the apartment program. The latest version of the report, it was understood, does not attempt to estimate the full extent of windfall profits, but simply lists more than 100 specific cases, out of a total of 7,000 in the apartment program, in which sponsors or builders got insured loans 149 million dollars greater in all than construction costs.

Jaycees Hold Light Drive

The local Jaycees, joining in the national Christmas lighting promotion, have designated Pacific Terrace "Klamath Kandy Kane Lane," and promise that it will be lighted this year with new enthusiasm and imagination.

Members of the Jaycee "Brightest Christmas Yet" committee are making a house-to-house canvass of the area.

Some typically enthusiastic ideas were expressed at the following homes:

Mrs. Lawrence Slater said, "Yes, of course we intend to have outside Christmas lights and we're happy to back your campaign."

Johnny Houston and son agreed to the program. Young Jon said, "Well, Dad, let's get out the ladder and light the gables."

Dr. R. T. Lindley said, "We'll light the eaves of our porch and when the icicles form the effect is beautiful."

Bob Beach, chairman of the annual Jaycee project, said, "We could give enthusiastic

quotes of this type from almost everyone interviewed in our Klamath Kandy Kane Lane campaign."
