gift ideas galore

It's certainly Christmas time at the Bon Bazaar out at 4480 S. 6th Street. From top to bottom... in every department... you'll find an endless number of items... items for every member of the family... items to fit every budget... all priced as low as low can be. Martha stepped in the women's and children's wear department and she saw so many, many gifts you'd love to give... or receive. One of the cutest items, the well-known MERRIFIELD SLEEPERS by Hanes for youngsters wearing sizes two to four. They're all red (except the cap which has a sassy white tassel with a silver bell.) These sleepers come in three pieces: tops, bottoms, and the cap and honestly you will have to see them to appreciate their cuteness. They are known all over as being just the thing to have youngsters' pictures taken in. They are knit from soft, long staple cotton yarns and come in an attractive gift box that even includes a book of Christmas rhymes and jingles. Priced complete, just 2.89. In the same department Martha saw Original JANE sweaters for girls in two styles: cardigan and pullover. These are jeweled with pearls and rhinestones... and certainly styled for young America from 100 per cent rayon. Very attractive colors, too. Available in sizes 7 to 14 and priced just 3.59 and 4.29.

If You Love A Bargain

... and everybody does... you'll certainly be interested in a group of genuine imported capekiss coats for women and girls. They were formerly priced at 37.50 and are now going at 17.95... while they last. They are million lined and when they become soiled all you do is go over them with a damp cloth. Very colorful colors, by the way. Then there are JOAN CURTIS dressy cotton and rayon junior dresses specially priced at 5.98. Naturally there's a wide selection of colors and patterns in this money-saving group. Also noticed some awfully cute SLIPPER SOX for the kiddies and toddlers. For the baby they come in hand painted designs on pastel colors such as blue, pink and maize. Made of nylon. These Slipper Sox are just the thing to insure real warmth for those little feet. Price, 1.98. For older children the Slipper Sox are 100 per cent wool and have genuine leather soles. These too, are hand decorated and come in very attractive colors. Priced for just 1.29. Downstairs in the men's department I couldn't miss the good-looking sport shirts especially although I noticed a lot of other nice things for HIM. This special group of shirts are made by HANES so you know they are among the best. They come in all the wanted colors including the ultra popular PINK. The solid colors are of orlon and the stripes and plaids are of wool. He'll really "go for" at least one of these and they are especially priced at 8.49... a real savings! Also downstairs in the HOUSE WARE department Martha saw some new, very handsome TV LIGHTS of genuine porcelain. They are hand decorated and 22 karat gold trimmed. Most of them are in pastel colors and among swans and roosters.

You Can't Miss It You

... give one of these to someone SPECIAL. They are SPECIAL and specially priced. 3.98. Martha also noticed some clever ceramics in the same department. Included among other things are various animals, group scenes, dinner bells and planters that are different. Another item in this section of the Bon Bazaar I also saw some very attractive and useful TV tray tables that hold a whole meal. They are of metal with a baked enamel finish... fold compactly for storage... and fit comfortably over the knees. These Cal-Dak tray tables are priced at just 3.95. Anyway, stop in at 4480 S. 6th next to the Oregon Food Store.

accent is on action

The day of the static wooden or plain stuffed toy seems to be a thing of the past. The entire sparkling 1954 pack of toys is gaily colored, cleverly animated, and today's replacements for the past stationary fun makers are equipped with gadgets to create lifelike actions. Doll's eyes roll, noises emanate from the toys and in almost every way it seems that there can be no further improvement to their realism.

the practical for boys

Nothing pleases a boy quite so much as practical gifts of wearing apparel... that is wearing apparel that has those little touches of distinction found in Drews Boys' Wear Shop, downstairs underneath Drews Manstore. Here you'll find perhaps the widest selection of sport shirts in the Basin. Sport shirts of all colors and descriptions. Some are in solid shades both dark and pastel, including the "pink" that is all the rage right now. Some are striped and some come in two and three color combinations. Some have short sleeves and others have long sleeves. Then there are the conventional collar styles and of course the so-called "turtle neck". There are different materials to choose from, too, such as flannel, corduroy, wool and gabardine. One group Martha noticed was made of cotton and rayon. This same group offered just about everything a boy might want in colors, etc. Made by MUNSINGER. These will go over "big". Just ask for the English Interlock knit sport shirts. Priced 1.65 to 2.95. Other sport shirts, including the popular "plaids" priced from 1.55 to 8.95. And if you want to save right now as well as please some HE... give cords. One group is substantially reduced right now. The color and size ranges are not complete but otherwise they're the same as you'd pay considerably more for. Reduced to 3.45 and 4.49. Another very beautiful Bulova for some gal, is the Dolly Madison... a watch with 14 karat solid gold case and 21 jewels... extremely high styled with an expansion band. Priced at 89.50. for centerpiece variety

Since every hostess counts on flowers to set the pace for any holiday meal, the problem is how to have a more or less formal arrangement for the long table at noon and an informal one for the evening buffet? Time for arranging flowers and space must both be considered. Somehow, everything must be ready in advance. A three-unit centerpiece is the perfect answer. Using three matching containers, a striking bouquet can be arranged for the sit-down dinner table at noon. For the evening buffet table, the center unit can be removed and candles put in its place. An entirely new atmosphere will be created without effort or time. Candles can replace the low unit of fruit which, at noon, stood between the handsome groups of chrysanthemums, croton leaves and cacti... or whatever flowers you have selected. No matter what your centerpiece or holiday floral problem, Bill & Rita have the answer. Just telephone 8173... and if you like, they'll be glad to have someone come to your home to advise and help you make floral selections which will enhance its beauty and give the best holiday atmosphere. And for cut flowers... all flowers... make it a habit to call BILL & RITA... 430 Main...
