TOKYO (AP)—U. S. Far East Air Forces said the 11 American airmen freed today by Red China are being flown to Manila tonight and to Japan Friday.

"A press conference will be held sometime Saturday," a spokesman said.

Newsmen were instructed that no questions on their capture and imprisonment experiences were to be asked at Hong Kong when the men were freed.

Arkansas Plans School Boycott

HOXIE, Ark. (AP)—More than 150 white persons agreed last night to boycott schools in this northeast Arkansas town until racial integration is abolished.

They signed a resolution presented at a town meeting by Herbert Brewer, a farmer, and they agreed to withhold their children from school, starting today.

Hoxie, like many towns in the east Arkansas cotton land, starts its fall term early in order to be able to close during harvest season.

Integration went into effect without incident with the opening of school last month. There were 20 Negroes and 1,000 white students.

R. S. Reynolds' Will Probated

RICHMOND, Va. (AP)—Richard S. Reynolds Sr., aluminum magnate who died last week, left an estate of \$12,780,000 with his widow the sole beneficiary.

The probate of the will here yesterday disclosed that Mrs. Julia Parham Reynolds will receive a life trust consisting of cash, stocks and personal effects.

Upon her death, the state will be divided equally among the Reynolds' four sons. Reynolds, 73, was chairman of the board of Reynolds Metals Co. Richard S. Reynolds Jr. is president of the firm and the other sons, Louis, W. G. and David P. Reynolds, hold vice presidencies.

Job Figures Report Given

Employment held steady during July with increases in hiring in some areas, according to Guy Barker, manager of the local office of the Oregon Employment Service.

"Crops are in fair condition generally after early frosts," he commented, "and should continue so with favorable growing weather." Unemployment claims have reached their lowest ebb of the year.

He stated that logging and sawmill employment was at a high level after the vacation period observed during the first half of July.

Retail trade remained constant during the month and service employment showed a slight increase. Real estate, finance and insurance employment showed no change.

Construction employment increased slightly, but should increase substantially when the construction at the Air Force base gets into high gear.

Agricultural employment is in maintenance and irrigation phases at present, but will increase when the grain harvest and second haying starts.

Increased demand for workers seems to be the prospect for the year.
