Yakima Cons Stage Riot
 YAKIMA, Wash., (AP) — Eighteen defiant convicts, transferred here after last month's state penitentiary rebellion, flooded their Yakima County jail cells and caused other minor damage in another short-lived uprising Tuesday night.

Sheriff Bert Guns said the small-scale riot started when the men refused to surrender a hacksaw blade officers learned had been smuggled into the quarters on the fourth floor of the county jail.

Guns said the uprising was put down when State Patrolmen, who joined county and city authorities in surrounding the jail, threatened to use tear gas.

The sheriff said he learned early in the evening from a source he refused to reveal that the hacksaw blade was in the jail. He ordered the men to surrender the blade, telling them they would go hungry until they did so.

The men shouted defiance, he said, flooded their cells by stopping up sinks and toilets, and ripped up mattresses. They quieted down, however, when state patrolmen threatened to use tear gas.

Later the hacksaw blade was handed to a guard.

The convicts, described by state prison authorities as leaders of last month's rebellion, are here awaiting transfer to a new maximum security ward under construction at Eastern State Hospital at Medical Lake.

Septic Tank Owners Take Notice

Home owners have discovered that septic tanks stop-up and overflow. Two reasons are—first, because the tanks are not cleaned at proper intervals; secondly, toilet tissue that does not readily disintegrate may clog the drains and force them to back up!

Recognizing the importance of this, MD Toilet Tissue is processed so that it absorbs water completely and quickly—gives less trouble with clogged discharge drains in the septic tank system.

Follow this plan for best insurance: Consult your County Health Department, your plumber, or a septic tank service company, for advice on cleaning your tank. Use MD Toilet Tissue!

Back-To-School Girl's Dresses
 2 for **5⁰⁰**
