

COOPERATION AND COORDINATION of efforts resulted in this big floating dock, finest on any water front on Lake of the Woods. The dock, completed recently, is at Camp Esther Applegate, used by Girl Scouts and Camp Fire Girls. It was built in the shape of an "L" of heavy timbers, atop 32-foot-long peeled red fir logs donated by O. K. Puckett. The hauling was donated by Leonard Putnam, Putnam Logging Company.

John Fowler, manager of the Klamath Valley Lumber Company was in charge of construction. The project was completed under the supervision of Jack Murphy, president of the board of governors of Camp Esther Applegate. Previous to building of the dock, makeshift docks built of oil drums were used. — Photo by Mrs. Sheldon Brumbaugh
