

SOME OF THE VISITING farmers and dignitaries listen to an explanation of experiments with irradiated barley at the Tulelake Experimental Farm field day, on August 5. Don Potter, manager, Crater Lake Machinery Company, Tulelake, is on the extreme left. Third from left is Dr. M. L. Peterson, department of agronomy, University of California, Davis, California, and fourth from left in foreground is Burton J. Hoyle, superintendent of the Tulelake Experimental Farm. The rest of the people shown were not identified.

Panther Meadows Project On Mt. Shasta Studied In Light Of Winter Sports

DUNSMUIR — A general plan of action is expected to be developed at a meeting on August 20 in Sacramento of forest service programming agencies, according to United States Forest Service officials and the Mount Shasta Chair Lift Development Committee. A team of forest service ski and mountain development experts have issued a report after spending time on Mount Shasta checking the possibilities of summer and winter use of a chair lift development. After studying the slopes, bowls, avalanche dangers, snow cover, lodge and parking sites, the team came out in favor of the development of Panther Meadows, a larger area, higher on the mountain, than the Middle Ski Bowl proposed by the development committee.

Post Office Awards Told

To give special recognition to employees of the Klamath Falls Post Office who have accumulated many unused hours of sick leave, S. G. Schwartz, Portland Regional Operations Manager, recently sent 1,000-Hour Club certificates to the following Klamath Falls postal workers: Merwin M. Donelson, Robert J. Caldwell, Reginald B. Ashworth, William D. Harlan, Wilkie C. Yost, Thomas H. Massey, Howard J. Johnson, Gomer W. Caseman, Russell L. Griffith and R. Everett Blehn. Robert J. Caldwell, with approximately 27 years of postal service, and Russell L. Griffith, with approximately 44 years of postal service, have each accumulated 1,995 hours of sick leave. Those men here receiving the 500-Hour Club membership were Wallace E. Scheck, Chester A. Reppe, Antoinette Erwin, Noble B. Krecklow, Gerald J. Amerling, Floyd E. Frasier, Harold D. Hicks, Harold McCollum, Douglas J. Hovser, Jefferson C. Liville, William L. Meyrow, William A. Keese and Andrew W. McCullough.

Suspect Charged In Bank Holdup

SAN FRANCISCO (UP) — The FBI has charged Thomas Tennyson Winstead Jr., Florida convict now held in Los Angeles, with the \$12,313 holdup of the First National Bank of San Jose on May 2. The FBI identified Winstead through latent fingerprints found on the San Jose bank's safe. Winstead is being held by Los Angeles police on a charge of taking \$4983 in an armed robbery of the Community Savings and Loan Association of Paramount. He was arrested in LAS VEGAS July 1.

MOVED

TAIPEI, Formosa (U) — Some 10,000 refugee Chinese intellectuals and their families have been moved to Formosa through the efforts of Aid Refugee Chinese Intellectuals, Inc.

REASON

TAIPEI, Formosa (U) — The commander of Chiang Kai-shek's forces on Quemoy was quoted Saturday as saying the Reds were not shelling the island outpost because of Nationalist superiority in gunpower.

LIFTED

MEXICO CITY (U) — The Finance Ministry has lifted restrictions on export of cement, plaster and bricks to the United States. They may be exported without permits in the future.

HAPPIEST SERVICEMAN on furlough—and I'm sure we're not exaggerating—is John L. Sullivan, son of Mr. and Mrs. Fred C. Sullivan, of the Roosevelt Apartments. The 19-year-old cadet arrived here August 3 from North Truro, Massachusetts, where he has been in training the last three months. He is scheduled to be back at the East Coast school, August 29. Oh, Yes! And why do we think he is the happiest man on furlough?—His parents presented him with a brand new 1955-model automobile as a coming home present as soon as he arrived.

1st Covenant Sets Sermons

First of a series of sermons, entitled "Heresies Exposed," will be presented by the Rev. Joel C. Nordlund Sunday morning at the First Covenant Church.

The 11 a.m. sermon will be on "Agnosticism and the Christian Faith."

"The purpose of this series," the Rev. Mr. Nordlund points out, "is to consider the truths of the Christian faith in the light of the whole counsel of God as given in the Bible and in that light to point out the errors in religious sects whose devotees have bewildered and deceived many well meaning people. This series will not be speculative but strictly Biblical and unbiased."

On Sunday evening a missionary picture film of Alaska will be shown. The picture, "The Call of the Arctic," was produced by the Evangelical Mission Covenant Denomination.

"That missionary group was the first to use an airplane for missionary work."

"The whole family will enjoy the entrancing nature," the pastor said, "and be thrilled with what God has done among the Eskimos of Alaska."

The pastor announced Sunday School will be held at 9:45 a.m., and a prayer meeting will be conducted Wednesday night at 7:45.

BOB ROSS, 220 North 11th, has been named sales and service representative for CBS TV and radio for the Klamath Basin. Announcement of the selection was made by Bill Mauldin, CBS distributor for Southern Oregon. Ross has had more than three years experience in radio and television work and will be available for daytime or evening calls, Mauldin said.

ELABORATE PREPARATIONS are being made in this building on the Tulelake-Butte Valley fairgrounds to handle the livestock to be exhibited, judged and sold by 4-H and Future Farmers of America during the Tulelake-Butte Valley Fair, September 4-5-6. A show ring and bleachers are under construction. The building was used last year for exhibits of farm produce, home economics and commercial booths.

Telephone Of The Future Permanent

LOS ANGELES (UP)—Future telephones may accompany man from the cradle to the grave, according to B. S. Gilmer, of San Francisco, vice president of the Pacific Telephone and Telegraph Co. Gilmer told the Rotary Club yesterday that in the future a baby will be given a telephone number at birth and will keep the number throughout life. "As soon as he can talk," Gilmer said, "he will be given a device with 10 numbered buttons on one side and a screen on the other. This equipped, at any time when he wishes to talk to anyone in the world, he will punch on the keys the number he chooses."
