

AN OLD LANDMARK moved slowly up Eleventh Street Saturday afternoon on this truck. It was formerly the "Chicken Shack" on Twelfth and Main Streets. The building was moved by W. M. Chambers to make room for the new service station which is to be built on the lot. It had been on that location for almost 30 years, and was used as a church at one time. Chambers moved the structure to Washburn Way, where he intends to use it as a storage shed. Directing traffic at right is Patrolman Ray Howard.

Argentine Citizens Seized As Internal Tension Grows

BUENOS AIRES, Argentina (AP)—Government charges that "Catholic nationalists" and opposition politicians had plotted to shoot President Juan Peron brought Argentina to its greatest state of tension since the June 16 revolt. Police said more than 50 persons had been arrested. Other sources indicated as many as 200 might have been jailed. Previous announcements of such plots during the nine years of Peron's regime have signaled widespread round-ups of his enemies.

This could be the end of the "pacification" campaign Peron launched after the abortive navy uprising two months ago. It also could mean a new flareup in the feud between the President and the Roman Catholic Church—mostly dormant since the revolt—and a new crackdown on the opposition parties which have refused to go along with the pacification campaign unless the government ends its restrictive measures.

Adding to the unrest were new antigovernment demonstrations in front of Buenos Aires' Metropolitan Cathedral last night and earlier yesterday in the central Argentine city of Cordoba. Police used tear gas and fire hoses to scatter the crowd, arresting about 40 demonstrators in the capital and 15 in Cordoba.

There were no signs of special measures to protect the President. The government announcement said the plotters had planned to shoot him yesterday, from an apartment they had rented on the route along which he usually drove between his office and his home. The announcement charged that the conspirators planned also to kill Maj. Gen. Franklin Lucero, the army minister who quashed the June revolt, and other top officials and army commanders, and to launch a wave of terror by disrupting power lines, communications, radio stations and public utilities.

The government charged the "Catholic nationalist" plotters

were "perfectly organized" in Communist-like cells and had secreted their arms in a Catholic seminary. It said some arms caches were seized.

Police refused to reveal the names of those arrested. The public demonstrations in Buenos Aires and Cordoba pro-

tested the government's removal of yesterday's Catholic Feast of the Assumption from the list of official holidays.

In the capital, some 400 persons collected in the central Plaza de Mayo, shouting "He must go!" and "Liberty! Liberty!" During the demonstration, police action against them four

shots were fired but nobody was reported hurt.

Several persons, including a policeman, were reported injured in Cordoba. There an overflow crowd at a special mass in Santo Domingo Church ignored police orders to disperse and started a demonstration.

Chamber Leaders Planning Trip

In an effort to interest investors and contractors in the building of rental units in Klamath Falls, R. Frank Tucker, manager of the local chamber, and Robert Veitch, a chamber director, will travel to Portland, Thursday. They will talk to contractors and bank and investment company executives, and will point out the need for at least 300 rental units to accommodate personnel of the future Klamath Falls Air Base. They will return Sunday.
