Quality MEATS

It is no accident that our meat is more reasonable! We purchase it in the Klamath Basin and age it in our own aging room... no long distance hauling!

Farm Fresh PRODUCE

One of the reasons our produce is fresher... it's rushed direct from farmer to us. No extra long distance hauling... the enemy of peak produce freshness!

Which saves you the most money—low prices on a few items you may not want... or even like... or low prices on everything you buy? The answer is obvious. More low prices mean more money saved—and nobody has more low prices than Big Y. Oh yes—we have plenty of "specials"... search the market for the best buys of the week every week... but it's our policy of low-pricing every item that really adds up savings for you. So shop here regularly and pick up bargains by the basketful instead of by the handful.
