

RICK AND SUE, Samoyed mother and son, owned by Pat Boleyn, 3717 Summers Lane, are being groomed for the annual Klamath Dog Fanciers' AKC licensed point show to be held at Klamath County Fairgrounds on September 3. The Samoyed breed is said to have originated in the warm fertile valley of ancient Babylon. The icy white coat keeps them warm in winter and in summer reflects the sun's rays and provides a natural insulation against heat.

Hurricane Diane Dwindles In Force; Moves Northward

RICHMOND, Va. (AP)—Diane, the well-behaved hurricane, breezed northward early today as just another somewhat wet and windy storm. Her once potent 100 m.p.h. winds had been dissipated in a long trip through the Carolinas and Virginia.

As she moved toward eastern West Virginia and central Pennsylvania her strongest winds were 40 m.p.h. Then, late last night as she huffed and puffed at south-side and southwest Virginia they had dwindled to 20 to 35 m.p.h.

The Weather Bureau said her winds would continue to diminish as she moved north.

Moderate to heavy rains were expected to accompany Diane's advance into Central Pennsylvania and Eastern West Virginia, as well as Western Maryland, today.

Along the Atlantic coast, southeast storm warnings which had flown for days when Diane was at her worst were hauled down at 2 a.m. and only small craft were warned to stay in port until the seas subsided.

Diane didn't do much damage in her passage over the Carolinas and Virginia yesterday and last night after she came ashore in the morning. The Weather Bureau had no trouble predicting her movements as it did in the case of last week's Hurricane Connie, a more destructive storm.

Following, generally, a north-northwest course once she hit the Atlantic mainland, Diane brought high tides that flooded some business establishments in northeastern North Carolina and rains that further damaged tobacco and corn crops in Virginia. Her winds, at one time 115 m.p.h. when she was still at sea, fell to 100 m.p.h. off shore and by the time she hit

Men Freed In Murder Case

Wilmington, N.C., were down to 74 m.p.h.

High tides rose into the streets at Washington, N.C., on the Pamlico River. Flooding conditions also were reported from Edenton, Hertford and Elizabeth City, N.C., where buildings stood in 18 inches of water. Waves did some damage at Wrightsville, Carolina, Kure and Atlantic beaches.

Damage in South Carolina was described as "practically negligible."

Highest gusts from Diane in Virginia were 56 m.p.h. at Lynchburg, 55 m.p.h. at Danville, and 53 m.p.h. at Norfolk. In both Norfolk and Richmond, the storm destroyed a building but there were no injuries.

More than 2 inches of rain fell in Danville and almost that much in Lynchburg and Richmond as Diane passed. Some secondary roads were blocked by high water, but traffic continued to flow over all primary highways.

Men Freed In Murder Case

BROOKHAVEN, Miss. (AP)—Three white men, charged with murder in the shotgun slaying of a 63-year-old Negro farmer, are free on \$20,000 bond each today and await grand jury action next month.

Sheriff Bob Case of Lincoln County identified them as Noah Smith, 59, Mack Smith, 45, and Charles Falvey, 35. They are charged in the shooting of Lamar (Ditney) Smith on the lawn of the Brookhaven courthouse last Saturday.

The three waived preliminary hearing before Justice of the Peace E. F. Allen and were bound over to the September grand jury.

The murdered man was reported to have urged other Negroes to cast absentee ballots in Mississippi's gubernatorial race.

Edgar Case, a distant relation to the sheriff, told The Associated Press in an interview last night he had received a threatening telephone call. He said he had no idea who the caller was or the reason for the threat but "somebody called me and told me I was next."

Swallowed Coins Blamed For Death

WALTHAM, Mass. (AP)—Several pennies she swallowed two weeks ago contributed to the death yesterday of 7-year-old Judith K. Hamilton.

Medical Examiner T. Morton Gallagher said the child died of inflammation of the stomach and throat, adding that her condition was aggravated by the copper in the coins.

The child did not reveal she had swallowed the pennies until they showed up in X-rays last Friday.

X-Rays For Crosby Planned By Doctors

FT. LEWIS, Wash. (AP)—Madigan Army Hospital doctors planned more X-rays today on Pvt. Philip Crosby, 21-year-old son of singer Bing Crosby, to get an exact picture of his back injuries.

The young soldier's car went off a highway at Raymond, in southwestern Washington, into a riverbed Sunday and he suffered a fracture of one or more vertebrae. An ambulance brought him here yesterday. He had to wear a traction on his neck but his back was not in a cast.

PENNEY'S
ALWAYS FIRST QUALITY!

BACK-TO-SCHOOL NEEDS

ELEVATOR SERVICE TO ALL FLOORS

Teach your budget a lesson in thrift! Shop Penney's for everything from top to toe... for study or playtime... whether your scholar's bound for college or kindergarten!
