Wildlife Refuge Area Studied

BAKERSFIELD (UP) — Possibilities loomed today for a federal wildlife refuge and public shooting area in Northern Kern County as a result of an aerial mapping survey by the Kern Wildlife Federation and California Department of Fish and Game.
Federation President Ed Richardson reported the survey data will be made available to Leo L. Lathie, regional director of the U.S. Fish and Wildlife Service.
"The fate of migratory waterfowl is critical in this section due to lack of management or resting areas," Richardson said. There are no nesting areas between Merced and Imperial Valley.
About one-fourth of the proposed 10,000 to 20,000 acre refuge would be open for public shooting.

Fast Argentine Trains Crash

BUENOS AIRES, Argentina (AP)—A fast electric express train carrying school children and commuters rumbled into the rear of another train Tuesday at a fog-shrouded station on Buenos Aires' outskirts. First reports indicated a death toll of 15 to 18 and 46 to 55 injured.
The express train crashed into the other train standing in a station in the town of Ciudadela, 10 miles west of downtown Buenos Aires. Passengers on the express included students en route to Ward College, a Methodist high school and junior college attended by many Americans and Britons as well as Argentinians.
The school secretary said one pupil suffered shock in the accident, but there was no word of any injuries among the students.
Since both trains were out of bound, they were not as heavily loaded as incoming trains at that hour.

Livestock Brand Book Published

SALEM (U.S.A.) — The first livestock brand book published by the state in five years was being distributed Tuesday by the State Department of Agriculture.
There are 11,725 brands listed in the book, about as many as in the 1950 edition. The 248 pages contain 5,068 cattle brands, 2,349 horse brands, 171 for sheep, 13 for poultry, 3 for goats and 469 transfers.
The oldest brand in the book is considered to be the first used in the state. During the 1849 gold rush a Russell Dement came to Myrtle Point, picked up and tamed five elk cows, and stamped them with a "D" brand. The marking is still being used by the Dement family in Coos County.
