Former Basin Resident Dies

William Jasper (Ben) Carlisle, pioneer resident of Klamath County, died August 21 at the Josephine General Hospital in Grants Pass. He was 89 years old and a native of Villisca, Iowa, born March 20, 1866.

In 1899 he came to Merrill with a brother, the late George B. Carlisle, and both brothers were employed as blacksmiths for the late J. Frank Adams Sr. In 1902 they went to the Altamont ranch at Klamath Falls, operated by the late Horace Mitchell.

The following year the brothers took up homesteads on the Old Fort Road and later built a shingle mill. In 1908 the brothers and their families moved to Josephine County where William Carlisle bought a ranch near Selma, Oregon where he was living at the time of his death.

He is survived by his widow, Mrs. Margaret Carlisle, one daughter, Mrs. Howard Werg and two granddaughters, Sharron and Judy, Selma, Oregon; two sisters, Mrs. Myrtle Findley, Klamath Falls and Mrs. Bessie Johnstone, Crescent City, California and numerous nieces and nephews.

The funeral service was held Tuesday, August 23 with final rites in the Deer Creek Cemetery, Grants Pass.

Fingerprint Change Asked

WASHINGTON (AP)—The administration has about decided to ask Congress to change a law which requires fingerprinting of all non-official visitors to the United States.

The move is shaping up as part of a White House-backed plan to wipe out barriers which might block a broad cultural exchange with Russia and other countries.

Russia and some other nations have bitterly objected in the past to the fingerprinting required for issuance of an American visa.

The Soviets canceled a proposed visit by a group of student editors last spring rather than allow them to be fingerprinted. A similar complication which for a time threatened to halt the just-concluded visit of Russian farm leaders to this country was avoided by designating the group as an official delegation.

Fingerprinting is required under a section of the McCarran-Walter immigration law which Congress passed over President Truman's veto in June 1952.

State and Justice department specialists who now favor repealing this provision believe it would demonstrate American readiness to maintain and broaden friendlier East-West relations flowing from the Big Four Geneva meeting.

Officials working on the plan appear confident it will have the President's backing.

President Eisenhower, they said, learned first hand of Russia's objections to fingerprinting during confidential talks at Geneva with Soviet Marshal Georgi Zhukov.

In Russia and Eastern Europe, Zhukov reportedly said, fingerprinting is looked upon as a degrading business connected solely with criminals.

Mississippi Chief Elected

JACKSON, Miss. (AP)—Mississippi voters elected Atty. Gen. J. P. Coleman their new governor, the job a poor farm boy set as his goal more than 20 years ago.

Coleman held a commanding lead today with virtually all precincts reporting.

The farm boy who worked his way through college and law school defeated Atty. Paul B. Johnson, son of a former governor making his third bid for the post.

Unofficial and nearly complete returns from 1,707 of 1,850 precincts in yesterday's Democratic primary runoff election gave Coleman 204,397 votes to Johnson's 155,606.

It was Coleman's first statewide campaign. He worked up the judicial ladder as district attorney, circuit judge, Supreme Court justice and attorney general before making the try. He was elected attorney general without opposition.

The 41-year-old winner, a husky 6 feet 5, will be Mississippi's youngest governor since 1932.

Coleman will be the Democratic nominee for governor in the November election. In Democratic Mississippi, that means election. Republicans seldom venture into a state race and none has said he will run against Coleman.

The new governor will succeed Gov. Hugh White in January. Gov. White was prevented by the state constitution from seeking re-election.

Coleman promised to keep Negroes out of white schools, regulate public utilities and wipe out gambling on the Gulf Coast.
