Evans is stationed at Fort Riley, Kansas, and his wife returned to their home at Junction City so she will be there for their wedding anniversary on August 29.

Crash Halts Road Traffic

YREKA — There were no injuries in a four car accident Sunday afternoon on U.S. Highway 99 that tied up traffic entering and leaving the Blakely County Fairgrounds for almost an hour.

The California Highway Patrol reported that a southbound auto driven by James Elmer Holmes, 15, of Etna, rammed another auto which was stopped. Two more autos were involved in a telescope effect when they could not stop in time to avoid the original pileup.

Others involved were William Chester Ross, 28, of Yreka, whose pickup truck was slightly damaged, both front and rear; Thelma B. Anderson, 39, of G. r. n. a. s., whose auto was damaged both front and rear, and Harry Myers, 55, of Modesto, whose auto was damaged both front and rear.

Holmes was cited for speeding and following another vehicle too closely.

The accident happened at 12:43 p.m., as afternoon fairgoers were crowding into the entrance of the fairgrounds parking lot.

No one was injured in two other wrecks reported by the patrol over the weekend.

In another accident just south of the location of the four-car smashup, an auto driven by Mary Agnes Franklin, 17, of Grenada, and Lucy Margaret Roelofs, 32, of Mount Shasta, collided.

Emmett Gerald Church, 48, of Sparks, Nevada, was cited for drunk driving as a result of the third accident, when a moving van he was driving collided with an auto driven by Frank Augustus Roberts, 54, of Covina, California at 10:30 a.m. Saturday on U.S. Highway 99 just north of Yreka.

Maccdoel Man Wins Columbia Tract

Winner of a Mesa, Washington, farm last week was Douglas Clement of Maccdoel, California.

The farm went to Clement after his name was drawn from a batch of hundreds of other names as a part of the Columbia River Irrigation project.

The drawing — no money was paid by entrants — was only open to veterans.

School Boards Prepare For Beginning Of Fall Term

With the opening of school only two weeks away on September 6, school boards of the Klamath Union High School District and the city elementary district met August 22 to wind up numerous last minute details in preparation for a new school term.

The Leland Knox firm of auditors, Medford, submitted audit reports to the elementary board members. A similar report is to be made by the firm on the gen-

Auto Industry Record Seen

DETROIT — If the auto industry sells its expected 6 1/2 million passenger cars this year Chevrolet and Ford probably will account for more than 2,900,000 of them. But which of the two companies will sell the greater number continues to be widely debated in industry circles.

When new car registration figures for this year's first six months were tabulated Chevrolet was in the top place for the first time this year. Chevrolet put on a sales spurt in June. The figures showed 758,317 registrations for Chevrolet against 741,481 for Ford for the January-June period.

Unofficial figures for July indicate Ford outsold Chevrolets and cut the margin down to around 7,000 unit deliveries.

Nobody in industry circles questions that the Chevrolet-Ford battle will be steaming hot right down to the final day of the year. Ford is expected to go down for model changeover work in its Ford division early in September. It will have its 1956 models on sale at least a month ahead of its principal competitor.

Earlier presentation of the 1956 Ford line may or may not give that makes a sales advantage. Chevrolet will get a heavy volume of 1955 models into the field while Ford is down for the changeover. It may get its 1956 cars out as early as the final week of October instead of a scheduled early November date.

Whatever comes of all this maneuvering the sales achievements of December in any determine whether Chevrolet or Ford leads the industry at the year end.

Bill Canton was the engineer on the project. The proposal of the California Oregon Power Company to place all electric power for the main high school plant, Modoc Field and lateral, the heat pumping plant and the new south wing on one meter was accepted by the board. The change over from the present multiple meter system will materially lower cost of electric power for the school.

In joint action the two boards gave a contract for school laundry for this school year to the Men's Hand Laundry and appointed a special committee, with power to act, for the study of bus insurance bids.

Camp Fire Group Enjoys Outing

CHLOQUIN — Eleven girls of the Shawluna Camp Fire group and their leaders, Mrs. Gerald Wolf and Mrs. Earl Hall, spent last Wednesday and Thursday on an overnight trip on Larkin Creek.

The girls earned from 12 to 17 honors apiece, mostly in Outdoors Craft, by various types of outdoor cookery, by counting meteorites, and identifying plants.

Making the trip were Beverly Smith, a Camp Fire guest from Spokane, Micki Jo Wolff, Blue Bird, and group members Judy Adams, Judith Stanley, Barbara Nicholson, Donna Robinson, Mary O'Neill, Cherry Wolf, Janet Hall, Marlene Norris and Sally Ravizza.

SUICIDE FOILED

ISTANBUL — A Turkish peasant woman named Fatma crossed the Russian border in Eastern Turkey in an attempt to commit suicide. Istanbul newspapers reported Wednesday. She expected to be shot by Russian border guards, the papers said. Instead, the guards returned her and she was charged with making an illegal border crossing.

KF Building Plans Told

A building program costing more than \$350,000 will start this week in the McLoughlin Heights subdivision, it was announced by W. R. Wodtke, of the Metropolitan Development, Inc.

George F. Hayes, owner of the property, last week deeded 23 lots to the construction company under a contract which gives the company the right to purchase the remainder of the 49-acre subdivision.

Half of it is already staked off in lots, and streets, sidewalks and water mains are now being installed there.

Homes built there will cost between \$13,000 and \$25,000.

Bids for contracts of building are now being received at the office of the Metropolitan Development, Inc., 621 Pine Street.
