

"SATIRE" by De Liso Debs features supple calf handled like fabric. The ideal daytime pump, its tiny tucks and tailored bow are a clearcut example of this season's emphasis on tailored simplicity tempered by feminine prettiness. The bobbed heel is comfort itself without loss of glamour.

PEAR PRESERVES

Use two pounds prepared pears, 1½ pounds sugar and one lemon. Wash, core, pare and cut firm ripe fruit. Weigh. Add half the sugar to 3 cups of water. Boil two minutes. Add pears. Boil 15 minutes. Add remaining sugar and sliced lemon. Boil until pears are clear. Let stand 12 to 24 hours in a cool place. Pack fruit into hot Mason jars. Boil syrup 2 minutes or longer if too thin. Pour over pears. Process pints and quarts at 20 minutes simmering (180-185 degrees Fahrenheit) in hot water bath. Orange juice may be used in making the syrup. Add ginger or other spices to taste, suggest the Home Canning Institute of America.

MINT PEARS

Remove peel, core and cut pears into halves or quarters. If peeled fruit is to stand several minutes before packing, drop into slightly salted water to prevent discoloration. Drain and boil 3 to 5 minutes in thick or medium syrup. Pack in sterilized Mason jars. A teaspoon of lemon juice adds a real tang to each quart. Next, fill jars with syrup to within ½ inch of top of jar, add ½ teaspoon mint extract and enough pure green fruit coloring to give desired shade. Put on cap, screw tight and process for 25 minutes in boiling water bath. Recipe is from the Home Canning Institute of America.

THE LOOK of opulence, of treasure chest jewels, adds just the right note of glamour to fall and winter's understated dresses which need the dramatics of the richly decorated shoe, done with finesse. Here is De Liso Debs "Confessa." The line is available locally.

FRUIT COMPOTE

For a first course or dessert fruit compote, combine little melon balls (use a small measuring spoon for the scoop), with pineapple tidbits. Add a little chilled ginger ale and a little sugar to sweeten, if desired.
