Death Charge Pleas Heard

SUMNER, Miss. (AP)—Two white men who pleaded innocent to the kidnap-murder of a 14-year-old Chicago Negro were expected to go on trial in the next three weeks. The men, Roy Bryant, 34, and his half-brother J. W. Milam, 35, were indicted by an all-white grand jury yesterday and entered their innocent pleas shortly afterwards. They were charged with kidnaping and murdering Emmett Louis Till after Till allegedly whistled at Bryant's wife in their country store in the Money community. Circuit Judge Curtis Swango Jr. said he would set the trial date tomorrow and Sheriff H. C. Strider said, "We expect to try them in this term of court." The three-week term began Monday. Because of the early trial, Bryant and Milam did not seek bond.

They were taken to the Tallahassee County Jail in nearby Charleston.

In Chicago, NAACP attorney William Huff said he would file a \$100,000 damage suit against Bryant and Milam "unless the men are given death in the gas chamber."

Till's body was found in the Tallahassee River last Wednesday. He had been shot. He was visiting his uncle for a two-week vacation. Bryant and Milam admitted taking the boy from his uncle's home but said they freed him unharmed.

KF Firms Give Scholarships

W. D. Purvine, director of Oregon Technical Institute, announced today that three Klamath business firms have contributed funds for the establishment of four scholarships to the institute for the 1955-56 school year.

The total contribution of \$720 makes possible the assignment of four full-tuition scholarships of \$180 which will be assigned to deserving students after careful study by the administrative officials of the school.

Oregon Tech benefactors who gave these funds are the Chuck Wagon Cafe, the Winema Hotel, and Klamath Theaters, Inc. The latter giving two scholarships. Director Purvine said that such unexpected financial assistance is a welcome supplement to scholarship funds at the institute as requests for these scholarships have increased this year in proportion to the enrollment.
