

KLAMATH JET AIR BASE CONSTRUCTION is proceeding at a fast pace as this aerial photograph taken by Herald and News photographer Don Kettler shows. At middle left can be seen three of the four new airmen's (enlisted men) barracks which are being built by Morrison-Knudsen Co. workers. The fourth barracks has about one of its two stories partially completed. The airmen's mess hall and enlisted men's club buildings are in the middle of the

picture. On the flight line the base operations building rises below the present municipal airline offices and CAA control tower. Below the large double hangar is the crew readiness building and the flight simulator building. Runway extension work can be seen at the top right. Project officials report that the work is proceeding on schedule. (See story on Page 7).

## Phone Line Survey Set

LAKEVIEW—A survey will be taken this week throughout Lake County by the chamber of commerce telephone committee to determine if the West Coast Telephone Company's proposal for rural service, which was made here at a Public Utilities Commission hearing on September 7, meets with the approval of the rural population, said Jack Briscoe, telephone committee chairman.

Findings of the survey will benefit the PUC which has to give final approval to West Coast Telephone's proposal, he said. At a meeting of the Lake County Chamber of Commerce telephone committee on Wednesday, it was explained that present farmer phone lines which now have exchange service through the Lakeview phone exchange, will not have that service after April, 1956, when the Lakeview telephone office is converted to dial equipment.

Rural meetings are scheduled for the Westside district (south of the Klamath Highway) on October 3 at 8 p.m. in the Westside Grange Hall.

Residents of the New Idaho District (north of the Klamath Highway), who are interested in telephone service, will meet October 3 at 8 p.m. at the Thomas Creek Grange Hall.

Briscoe announces that areas in Adel, Plush, Summer Lake and Eastside will be canvassed personally by members of the telephone committee.

## Mullens Take Over Stronghold Cafe

TULELAKE — Mr. and Mrs. Homer Mullens have taken over operation of the Stronghold Cafe. They came to Tulelake in 1952 from San Diego and managed the Yukon Cafe for several months.

Mr. and Mrs. Mullens have just completed a summer's service as lookouts in the Modoc National Forest.

The cafe has been under the operation of Mr. and Mrs. Clyde Skelton, managers of "The Inn," on California State Highway 139 south of Tulelake.

The new managers will open the cafe for early breakfasts for hunters during the deer and migratory waterfowl season.

THIS HUGE SEARCHLIGHT mounted on top of a 25 foot tower is used to scare ducks and geese from the grain fields at Tulana Farms' Williamson River Ranch north of here. Powered by a 16 1/2 kw gasoline powered plant which produces 800 million candle power of light two of these searchlights cast their beams over the entire ranch. A newspaper can be read at a distance of up to two miles by the light of the 60 inch lens. Ducks are spotted in flight with the light and the beam kept on them until they fly beyond the boundaries of grain fields not yet harvested. The big lights are operated early in the morning and late in the evenings. Considerable damage to the barley crop has been caused by the migratory fowl due to the lateness of this year's harvest.

## Kidnaper Indicted By Grand Jury

SAN FRANCISCO (AP)—The San Francisco County grand jury has indicted Betty Jean Benedicto, Betty Stockton blonde, for the felony kidnapping of 2-day-old Robert Marcus from Mt. Zion Hospital last Sept. 19.

Conviction carries a possible penalty of 1 to 25 years.

Mrs. Benedicto did not appear before the grand jury yesterday. She is still under observation in the psychiatric ward of San Francisco Hospital.

She was taken to the hospital two days ago after she swallowed several small wire clips prised from her cot in a city jail cell.

She was arrested after turning the kidnaped baby over to a Catholic priest Sept. 27. The baby was unharmed.

## Thieves Loot Post Office

Three weekend burglaries resulted in the loss of \$62.20 and several parcel post packages at the post office, Klamath Falls police reported yesterday.

All of the burglaries were similar in character, and might have been committed by the same persons, investigating officers said.

Burglarized were the post office, the Tidewater Associated Oil Company, 865 Spring Street, and Peoples Warehouse, 1425 South Sixth Street.

In the post office, burglars took \$15.20 from a stamp machine in the lobby and several parcel post packages. Entry was gained through a broken rear window, and scissors found in the office were used to pry open drawers in a search for cash and valuables, according to police and postal clerk Delbert Bryle, who said that the incident occurred sometime Saturday night.

There were several blood stains near the window, leading police to believe the burglars cut themselves while entering.

The burglars also cut themselves while entering the Associated Oil building, Manager W. G. Cooley said that the thieves entered through a rear window after failing to break through a rear door. The incident occurred sometime Saturday night, Cooley told police. Missing was \$2 in change.

A safe at Peoples Warehouse was broken into sometime over the weekend, assistant manager Lloyd Myers told police. He said that most of the money was in a desk, and \$10-15 was in the safe. The thieves took \$45, including a \$15 "coffee kitty."

Investigating officers said that the thieves used tools they found in the warehouse to open the safe, which they had moved from the office.

Investigating were Officers Leonard Clark, Rex King and Warren Reece.
