**Ministers Plan KUHS Lectures**

The Klamath Falls Ministerial Association met last Monday with chairman Dr. Causey calling the meeting to order. He introduced the visitors, Lloyd James of Tillamook, Oregon and Roy Kneeland of Pelican City.

The Rev. Dale Hewitt led the devotion. A number of reports were given by committee chairmen and new business was discussed and acted on. Plans are being made for the Educational Director, Mr. Darby of the Oregon Temperance League, to give lectures at KUHS in the middle part of November.

The topic of the day's discussion period was "Repentance." The Rev. Freeman Schmitt gave an introduction to a discussion on the same subject. He called attention to the intellectual, emotional and volitional aspects of repentance as quoted from the Holy Bible.

Motion prevailed to adjourn with Pastor Schmitt closing in prayer. The next meeting of the association will be held in the Imperial Room at the Winema Hotel Monday morning, November 7.

## Holt Scheduled To Return With 12 Korean Orphans

SEUL, (AP) — An Oregon rancher leaves for home next week with eight American-Korean orphans he will adopt and four others for friends.

The 12 range from a girl of 10 months to a sturdy little boy of 3 years. All are children of American servicemen and Korean mothers.

Harry Holt, 50, of Creswell, Ore., said he and his wife will take four boys and four girls into his home as brothers and sisters to his own five daughters and one son.

Holt said two others, a boy and a girl, will be adopted by Mr. and Mrs. William Collier of Portland. A little girl will go to Mr. and Mrs. Charles Hobbs, Corpus Christi, Tex.

Another little girl will join the family of Mr. and Mrs. Robert Franklin, Ann Arbor, Mich., Holt said.

Accompanying Holt and the children will be Miss Kathleen Cowan of Belfast, Ireland, the nurse who cared for the 12 at the Presbyterian Mission at Seoul while Holt was handling the necessary paperwork.

Holt and his party will leave Tuesday for Tokyo and leave Tokyo the same day for Portland, via Honolulu, aboard Pan American flight 854, due at Portland at 6 a. m. Oct. 12.

Holt told newsmen his wife and children are "very happy and most enthusiastic" about the mass adoption.

He said the children will "get all the love and care it is possible to give them."

Holt came to Korea June 3 "for the sole purpose of adopting and taking home" orphans of mixed parentage.

He said he decided to take the step after hearing of the plight of such babies and children in Korea from the Rev. Bob Pierce, a leader in World Vision, a Christian organization that in recent years has supported 4,000 war orphans in Korea.

"I hope others in the United States will also cooperate in World Vision's great program and also adopt other orphans," Holt said.

"Care of such children should be the responsibility of Americans rather than Koreans."

Some of the 12 children Holt found in orphanages. The rest were brought to him by welfare workers.

At first, Nurse Cowan said, the children were "a bit frightened in the presence of a stranger but they became acquainted and now they swarm all over Mr. Holt."

"They call him 'Abaji' (father)—a word they never had a chance to use before."

In America, Holt said, the children will have American first names but will retain Korean middle names.

Most of the 12 are blond youngsters but their features are slightly Eurasian.

Holt said he would bring his eight up as "Americans in America."

He said he foresees no difficulties to normal upbringing of the children—"I simply don't believe good Americans will show any discrimination against them."

## Jordan Hits River Plan

OTTAWA (AP) — A Canadian proposal to divert the Columbia River would result in "very serious injury" to downstream interests in the United States, the International Joint Commission was told Tuesday.

Chairman Len Jordan of the IJC's U.S. section said the Canadian plan to divert the Kootenay River into the Columbia and the Columbia into the Fraser would jeopardize U.S. investments in power plants south of the border.

Gen. A. G. L. McNaughton, chairman of the commission's Canadian section, proposed the diversion last spring as part of a plan to develop power in British Columbia's Fraser Valley.

Jordan in a statement read at the semi-annual IJC meeting said the U.S. has about 14 billion dollars tied up in existing power plants in the Columbia River Basin. It has another billion dollars in plants under construction, and has plans to build an estimated two billion dollars in plants in the next decade.

"All of these projects were planned and all of the funds are committed in anticipation that the waters of these international rivers would not be utilized by Canada in such a way as to jeopardize downstream interests," Jordan declared.

Jordan said the U.S. disagrees with "numerous statements" made by McNaughton in a speech to the Commons Foreign Affairs Committee last June outlining his diversion plan.

## John L. Lewis Suffers Attack

WASHINGTON (AP) — Doctors have diagnosed John L. Lewis' trouble as a heart attack like the one that felled President Eisenhower, but not as severe.

Dr. John Minor, Lewis' physician, said Tuesday night it now appears the 75-year-old boss of the United Mine Workers suffered a "very minimum heart attack" about two weeks ago.

Minor said Lewis is progressing so well he probably would go home at the end of this week.

Lewis was admitted to emergency hospital Sept. 23—the day before Eisenhower was stricken in Colorado. It was said at the time the mine workers chief was in for a rest and checkup.

But Minor said Tuesday it had been determined Lewis was stricken with a "slight" coronary thrombosis—the same kind of an attack suffered by Eisenhower. However, Minor said Lewis' attack was "not nearly to the same degree" as Eisenhower's.
