

Bonanza Club Votes Funds

BONANZA — Insurance on the Bonanza Library will be increased to \$5,000 and will include the furnishings following a vote of the members of the Bonanza Women's Club which was held October 4 with Janet Fernlund, president, in the chair.

Club members also voted to contribute \$5 to the Community

Lounge in Klamath Falls following the reading of a letter from the directors of the project which stated that an average of nearly 2,400 persons visit the lounge each month. It was also voted to pay \$5 to the Bonanza Big Springs Park Association for membership. Edna Roberts will be the club representative at the association meetings.

Leaders for future meetings were named. Velda Haley will be November leader on aluminum and copper; Irene Hartley will be leader for oil painting by numbers; Norma Becholdt on knitting; Florence Horn on pictures made from flowers; Janet Fernlund, Margaret Burnett and Cora Leavitt and Italian and Mexican dishes. One meeting has been left open for assignment.

The Bonanza club members have invited the Langell Valley Women's Club to join with them in a united club with the library as principal project.

Velda Haley is chairman of the December bazaar. After the business meeting, a shower was held for the baby doll to be sold at the bazaar. Betty Steber's name, Merry, was chosen for the doll so she was given the privilege of opening the packages. Hostesses were Birdie Burk, Eleanor Johnson and Nancy Schmor.

Afternoon meetings will be held at 2 p.m. the first Tuesday of each month. The next meeting will be held at 2 p.m. at the library on Tuesday, November 1.

Scouts Aid Game Program

Explorer Scouts from Portland and vicinity will again hold their annual conservation field day by assisting the Oregon Game Commission with several game management projects.

On October 9, volunteer explorers will embark to Sauvie Island to aid the game commission in preparing the game management area for the coming waterfowl season.

Coordinating the work projects will be Austin F. Hamer, education agent, Oregon Game Commission and Warren Gillilan, conservation secretary, Portland Council, Boy Scouts of America. Expert supervision of the projects will be provided by game commission personnel.

Engineering will be the feature of the day with several foot bridges to be erected across waterways by the young conservationists. Other projects to be carried out by the scouts include duck blind construction and posting of the area. Another project to be undertaken, not related to preparation for the waterfowl season, is the salvage of game fish that have become stranded in potholes.

This is the second year that the explorer scouts have assisted the game commission in readying the Sauvie Island game management area for duck hunters. Last year more than 100 boys turned out for the conservation field day.

KATHERINE AHERNS, right, of Merrill was presented with a check for \$15 by Mrs. Earl Kerns, 4-H chairman of Klamath County Cow Belles, at the fall Cow Belle luncheon held Thursday at the Pelican Cafe. Katherine was awarded first place among six competing 4-H girls who exhibited beef breeding animals at the Klamath Junior Fair. Judging was on the continuity of the beef breeding project, size, growth, number of years; this year's exhibit, completeness and accuracy of records, and use of breeding project—heifers raised, sale of bulls or finished steers. Katherine owns six animals and expects to finance her college education through expansion of her beef project.

Kern Potato Changes Asked

BAKERSFIELD (UPI)—A hearing on California's potato marketing order ended late Friday, with most growers asking for discontinuance or revision of the program.

Included among the amendments recommended during the two-day session were changes in maturity regulations, increasing the advisory board members from 11 to 19, and expanding the order to include potatoes sold for processing or export.

Growers from the Shafter and Wasco districts declared they were being discriminated against because the program fails to apply

to the early harvest in the Edison District.

The state Department of Agriculture will hold another hearing in Riverside Monday. Department officials said testimony from the two meetings will be studied before any decisions are reached.
