GRANGE NEWS

MIDLAND
By Mayme Cammock
All members of the Midland Grange are asked to be present for the October 19 meeting at the Henley Grange Hall when a vote will be taken on a site for the new Midland Grange Hall which will replace the building destroyed by fire some months ago. Meeting time will be 8 p.m.
The resolution on the new hall was presented at the October 4 meeting by August Andrieu. Mayme Cammock, lecturer, did not present her program due to pressure of business but she expressed appreciation for help on her Booster Night program.
A no-host polluck was served by Amy Crapo, home economics chairman.

Lightning Bolt Shakes Seattle

SEATTLE (AP)—A bolt of lightning which slashed down from the sky to shatter a poplar tree here Monday broke windows in 15 Greenwood district homes. There were no injuries.

HOOVER ARRIVES
MANILA (AP)—U.S. Undersecretary of State Herbert Hoover Jr. and Foreign Aid Chief John B. Hollister arrived by plane from Taipei today for conferences with Filipino and American officials. Hoover, who returns to the United States Friday, said the Philippines and the United States are "closer than ever before" in their partnership to defend a way of life common to all free peoples.
Hollister will leave for Indonesia Saturday.

The bolt coursed from the tree through the concrete foundation of a nearby home, blasting a foot-wide hole as it went through. The bolt ripped a cover from an automatic washer in the home, smashed two concrete laundry tubs and melted wires throughout the house. An insurance agent estimated damage at "at least \$3,500."
Damage caused by the bolt in surrounding homes was not known, although the charge ruined 150 telephones and numerous television and radio sets and appliances.
The storm which sent the bolt downward in the Greenwood district also unleashed other strikes which knocked out power in other sections of the city and set an unknown number of utility poles ablaze.
