PARTY DECORATIONS that you make yourself are the most fun and most appreciated. This clothesline centerpiece for a stork shower is clever and the guest of honor will undoubtedly want to save it to show to Father-to-be and maybe even as a first decoration for the new baby's room. It is made of Dennison's crepe paper and the small garments are decorated with La France Instant Bead Bluing. The bluing, which has a brand new formula which does a marvelous job of both whitening and brightening clothes (including nylons) goes with the centerpiece as a practical gift to the honor guest.
