

Siskiyou Road Ruling Given

SAN FRANCISCO (UP)— Atty. Gen. Edmund G. Brown ruled today that the Siskiyou County Board of Supervisors must start a new proceeding if it wants to acquire the John Ladd Chrome mine road for a county highway.

request of Pauline L. Davis, member of the Assembly from the Second District.

Proceedings were begun last spring in Siskiyou County to acquire the road by means of the "viewer method." On April 12, the board held a hearing on the matter. At the hearing, it adopted a motion "that the condemnation proceedings on the John Ladd Chrome mine road be dropped."

"Since no condemnation proceeding had been started," Brown said, "we can only construe this action as a rejection of the report of the viewers."

The question then arose whether the board, without beginning a new proceeding, could reverse its prior decision and now accept the report of the viewers. The county district attorney advised it to file a new petition.

"We agree with the district attorney," Brown said. "Under the law, not only is the procedure he suggests safe, it is indispensable if the viewer method is to be used."

The viewer method is a device to permit an "expedient settlement" of relatively small claims without the expense and formality of a proceeding in condemnation. Brown said the method has been described as one providing for a "preliminary and informal determination of damages by some board or tribunal other than a court."

Telephone Strike Talks Continue

SAN FRANCISCO (UP)— Federal Conciliator Arthur Viat planned to meet sometime today with company and union representatives in continuing attempts to find some way of settling the telephone strike.

A 45-minute meeting between the Pacific Telephone and Telegraph Company and the CIO Communications Workers of America ended yesterday in failure. Viat said neither side would change its position.

The CWA represents 17,500 of the 22,000 telephone company employees who left their jobs in Northern California and Nevada a week ago yesterday to back demands for higher wages.

As negotiations dragged on with no settlement in sight, strikers in San Francisco and Oakland staged demonstrations before telephone company offices yesterday.

Either-Sex Deer Season Opens

PORTLAND (P) — An either-sex deer season for hunters with unused tags opened Tuesday in Central Oregon after a three-day hunting closure.

The season will end Oct. 21. Of the counties east of the Cascade summit, only Sherman County remained closed.

Ike Prepares For Official Visitors, Brother Milton

DENVER (UP) — President Eisenhower scheduled business conferences today with Sherman Adams, his chief assistant, and other members of his staff in his role of directing the government while recovering from the heart attack he suffered Sept. 24.

The President also planned to visit with his brother, Dr. Milton S. Eisenhower, president of Pennsylvania State University, and Mrs. Eisenhower. He will follow his usual recovery schedule of sun bathing and reading.

No official callers were expected today but Secretary of State John Foster Dulles will fly in from Washington tonight to meet with the President for the second time Wednesday before departing for the Big Four foreign ministers' conference in Geneva.

Defense Secretary Charles E. Wilson and Adm. Arthur W. Rad-

ford, chairman of the Joint Chiefs of Staff, saw the President Monday on government affairs and reported the President in good spirits and making rapid strides in his recovery.

After seeing the President, Wilson said he thought defense spending in the next fiscal year may be a "little higher" than the estimated \$34,500,000,000 for 1956.

Mr. Eisenhower was out of his bed for more than an hour and 10 minutes Monday. In the morning he was lifted from his bed to an easy chair on the sun terrace

of the eighth floor of Fitzsimons Army Hospital and sat there in the autumn sun for 40 minutes.

In the afternoon, the President again sat up in his chair, but inside his room, for 30 minutes and visited with his wife, his brother and Adams who kept him up to date on federal steps to relieve flood suffering and damage in the northeast.

Wilson apparently covered a broad range of topics in his meeting with the President. During their conference the President approved the recess appointment of Lt. Gen. Randolph McC. Pate to be commandant of the Marine Corps with the rank of general for a period of two years beginning Jan. 1, 1956.
