

George Calls For Pledge By Red China

WASHINGTON (AP)—Sen. George (D-Ga.) said today the United States should require a pledge by Red China against the use of force in Asia before agreeing to high-level discussion of major Far Eastern problems with the Communists.

George, chairman of the Senate Foreign Relations Committee, previously had put no specific conditions on his July 24 suggestion for an early meeting between Secretary of State Dulles and Foreign Minister Chou En-lai. He said then, during a radio-TV interview, that such a high-level meeting should be held within six months.

He said in a telephone interview he now supports Dulles' position that any near-summit meeting must await the conclusion of ambassadorial talks under way in Geneva.

Dulles told a news conference yesterday Communist China has formally raised the question of a new high-level meeting with the United States.

But he said the possibility of some agreements between American and Chinese Communist special ambassadors have not been exhausted. He made it clear he does not want to elevate the talks until there are further developments.

Dulles said U. Alexis Johnson, the U.S. Ambassador, had proposed that the Peiping regime renounce settling international disputes. He intimated this might open the way for higher level efforts to ease tensions in the Formosa Strait area.

George said he backs this stand.

"There are some matters before the ambassadorial conference that ought to be concluded before any further steps are taken," he said. "The Chinese Communists first should release the American prisoners they have promised to free and they should give some accounting of the more than 400 soldiers who remain unaccounted for after the Korean War."

"If they will do these things and make a public pledge to give up the use of force in any settlement of the Formosa issue, then we should be prepared to go ahead with a high level conference."

CHARLES HAHN, Klamath Falls electrical contractor, has been named squadron commander of the contractor division of Operation Fair Share, this year's United Fund - Red Cross drive. Hahn was named to his post by U. S. RC Wing Commander Bob Beach.

CAA Officials Probe Thorne Plane Crash In Hollywood

NORTH HOLLYWOOD, Calif. (AP)—Was millionaire Joel W. Thorne stunting, or was he desperately trying to fly out of trouble just before his plane plunged into an apartment building, costing his own and three other lives? Civil Aeronautics Administration investigators probed deeper today for the answer.

A baby whose family was celebrating her christening, an 18-year-old bride and Thorne perished in the fiery crash and explosion which devastated with bomblike fury two apartments of a six-unit building Monday night.

The fourth victim, a 6-year-old boy, died of horrible burns in a hospital last night. He was one of the christening party.

Frightened residents reported the single-engine plane buzzed the residential area two or three times at what seemed like rooftop height just before the crash. Some thought the plane was in trouble as it roared back and forth in or just under a 700-foot ceiling.

The CAA investigators, Laurence Lightbody and Bernard T. Naught, took cognizance of these reports but hunted for a more scientific answer in the shattered fragments of Thorne's plane.

"Pieces of the aircraft along the flight path indicate it disintegrated in the air," Naught said.

Disintegration could result from excessive speed or violent handling of the plane, such as stunting or the terrific stress of a sudden pullup at high speed, he said.

"In my opinion, it would be inconceivable Thorne would be stunting in the prevailing weather, in drizzling overcast conditions," Naught said.

"He was an experienced pilot and flying on instruments," Lightbody pointed out. "It seems unlikely he would be attempting barrel rolls or other stunts under those conditions."

Stacyl Camille Preston, the 3-month-old baby, who had been christened only hours before at St. Charles Catholic Church.

Mrs. Betty Wolf, newlywed violinist who was alone in her second floor apartment while her husband,

Martin, was at a naval reserve meeting.

John Marchica, 6, who died last night.
