

HONEY 'N SPICE and Everything Nice . . . the newest addition to the famous Dromedary Cake Mix family is shown here enhanced with a delicious Fluffy Honey Frosting.

Dromedary Has New Mix

There's a wonderful new cake mix on the market — the brand name is a familiar favorite, but the flavor is a recent arrival. We are referring to one of the latest mixes on store shelves — Dromedary Honey 'N Spice Cake Mix. In the same gleaming gold foil wrap as the Dromedary White, Yellow and Devil's Food cake mixes, this is the package that keeps all the fresh flavor in. Fragrant with honey and spices, here is a cake that's light, delicate and delicious. Wrapped in the famous "twirl pack," the homemaker can now bake one layer when the family is small, or a regular two layer creation if she prefers. Pan liners too come with the mix, to save time and labor still further. This new Honey 'N Spice Cake blends well with many of our favorite frostings, but for a change, here is a suggestion for an easy-to-fix Fluffy Honey Frosting that's as light as foam and will keep a day or so if necessary. To frost a cake with a minimum of fuss, just cut a large square of wax paper diagonally across to form four triangles. Re-form the square on the serving plate and place cake on the paper. After frosting it is easy to remove each triangle of paper in turn, leaving a clean plate underneath.

HONEY 'N SPICE CAKE

1 package Dromedary Honey 'N Spice Cake Mix
1 cup water
2 eggs
Preheat oven to moderate (350 degrees). Lightly grease two 8-inch layer cake pans and insert pan liners. Blend cake mix with water and eggs and bake, following package directions. When cool, fill and cover with Fluffy Honey Frosting.

FLUFFY HONEY FROSTING

1 large egg white
3/4 cup dark brown sugar
1/4 teaspoon cream of tartar
1/2 cup water
3 tablespoons honey
1/2 teaspoon vanilla
Combine egg white, brown sugar and cream of tartar in mixing bowl. Blend water and honey in small pan and bring to a boil. Add boiling liquid to egg white mixture and begin to beat at once with electric mixer or rotary beater. Continue to beat until frosting is thick and fluffy (about 8-10 minutes). Beat in vanilla. Enough to fill and frost 8 or 9 inch cake.

ICE CREAM

Ice cream is a family food. It is suitable for all ages and is a perfect dessert, a "pick-me-up" after shopping and a nutritious after-school snack. Chocolate ice cream is vying nationally for top spot with vanilla as the favorite flavor.

World's Diet Changed By Columbus

Columbus not only changed the map of the world—he also is responsible for revolutionizing its eating habits. Before Columbus, for example, the Irish had no "Irish" potatoes. Italian sauces were cooked without tomatoes. "Extraordinary as it may seem," said a spokesman for the Research Department of the American Can Company, "such vegetables in common world-wide use today as tomatoes, potatoes, snap beans and sweet corn were unknown to Europeans before the Americas were opened for exploration." These native American foods, in addition to being staples on everybody's dinner table, last year were the source of about \$19,427,000 in annual income to U.S. farmers, he explained. Oregon farmers received some \$22.7 million from production of their corn, potato and bean crops. Of this amount, about \$11.8 million worth was sold to canneries and freezers, the spokesman said. The tomato, which was discovered in South and Central America, has become such an integral part of the average American diet that last year the government purchased more than 76 million pounds of canned tomatoes and tomato products for use by the armed forces, the company reported.

Speedy Apple Pie

From the Crisco Kitchens comes this recipe for quick apple pie which does not require rolling out a crust.
1 cup sifted flour
1/2 teaspoon salt
1-3 cup Crisco
1/2 cup brown sugar, packed
1/2 teaspoon cinnamon
1/2 teaspoon nutmeg
2 cups applesauce
1 tablespoon lemon juice
Ice cream or regular cream
Start heating oven at 375 degrees. Rub 8-inch pie plate with Crisco. Cut Crisco and salt into sifted flour with pastry blender or two knives until the pieces are the size of small peas. Then add brown sugar, cinnamon and nutmeg and mix well. Fill pie plate with applesauce, add lemon juice and spread the crumbly mixture over it. Bake for 25 minutes or until the top is golden brown. Serve warm or cold.
