## Rail Meeting Dates Changed

Changes in the schedule for two railroad "Family Night" meetings were announced Saturday by Tom McCarty, district freight and passenger agent for the Southern Pacific Company.

The meeting originally slated for October 25 in Klamath Union High School will be held at 7:30 p.m. in Mills School Auditorium. The meeting set for October 31 will be held November 8 in Mills School.

WEED—Approximately 100 parents and teachers attended the Father's Night meeting of the Weed PTA Tuesday night, October 18, at the Weed Elementary School auditorium. The Rev. George Telle, president, presided, following the escort of the American flag by Robert Johnson, Boy Scout of Troop 31, and color guards Leno Lentz and Gabriel Daggett.

John Mantle gave the opening inspirational by reading a selected poem, "Thank God for Something to Do." He was introduced by the chairman, Mrs. Mantle.

## Toastmistress Council Held

Several members of the Mt. Mazama Toastmistress Club, Margie F. Davies, president, Reba Martz, Leigh Fenniss, Carol Whitstone, Ellen Sullivan and Fanny May Thompson attended the fall council held October 16 at Medford. Council representatives were also present from Grants Pass and Medford.

Headquarters were in the Jackson Hotel. The meeting was a workshop held primarily for evaluation. One member from each club gave a seven to 10 minute speech criticized by two evaluators. The local club members also presented a skit on parliamentary procedure.

## Klamath Students Speak At Banquet

Speakers at the annual Founders Day banquet at Maryhurst College, October 20, were two seniors from Klamath Falls, Janice Larson and Susan Vandenberg. Janice toasted the founders and Susan the present college faculty. Yvonne Murphy of Richland, Washington was toastmistress.

Founders' Day activities at Maryhurst this year are significant as the beginning of the college's second century. Century Open House will be held on campus this afternoon. Among the guests will be alumnae from California and the Pacific Northwest gathered for the traditional Homecoming weekend, October 21 to 23.

## MARKED BILLS

TRENTON, N.J. (AP)—A thief broke into Al's Tavern and took \$150—all in marked bills. Tavern owner, Albert Angeloni, said yesterday the stolen cash was good luck bills with inscriptions given him by his friends when he moved to the tavern.

## Geologic Studies May Okay Future Issuance Of Permits

FORT ROCK — Geologic studies, which may again allow the issuance of well permits for irrigation in the Fort Rock basin, will be made within the next few months, according to Lewis A. Stanley, state engineer, in correspondence with the Fort Rock-Silver Lake Soil Conservation District. State law requires a permit from the state engineer before a well can be drilled for pump irrigation.

Reviewing his department's policy, Mr. Stanley wrote: "An administrative decision was made on or about August 15 that applications would be received by that no further permits would be issued until it had been determined whether or not there is an adequate supply of ground water for wells in addition to those now in existence or covered by permits. The action taken by this office was merely to put on the brakes for the time being in order to avoid possible injury to owners of existing wells in case the water supply is limited and to prevent the expenditure of large sums of money for drilling new wells which might have to be kept out of operation."

## Reserves Start Buildup Drive

Two army reserve units in Klamath Falls have embarked on a recruiting campaign in an effort to build up their strength to the minimums required by the regulations in order to keep operating here.

One of the two units, Company C, 311th Military Police Battalion, is already in existence, and the other, the 733rd Engineer Aviation Depot company, hopes to activate some time next month.

The military police unit has set up an eight-man recruiting committee in an effort to build up its strength. There are vacancies for two lieutenants, one master sergeant, one mess sergeant, three platoon sergeants, 12 sergeants, two cooks, one motor sergeant, nine squad leaders and 65 corporals as well as a large number of privates and privates first class. The unit is authorized 151 men, and hopes to reach full strength some time in 1956.

## United Nations Speech Heard

The fact that the United Nations had survived for 10 years as an agency dedicated to the seeking of peace between nations was cited by Dr. Thomas Bennett, chairman of the philosophy department of Willamette University, as being the most significant development of recent history.

Bennett made this assertion at a meeting of the Klamath Falls chapter of the Oregon United Nations Association last Thursday evening. The title of his talk was "A New Look at the U.N."

He said that the past decade had marked the end of colonialism in the world, and that about 600,000 had been given their freedom as a result of the efforts of the U.N.

The U.N. will continue to do good, Bennett said, although it could be improved.

The local organization, headed by Ross Raglund, met at the YMCA building. About 25 persons attended the meeting when Bennett spoke.

DRUGGIST-SENATOR Hubert Humphrey of Minnesota will be the guest speaker at a dinner Friday November 4, in the Willard Hotel sponsored by the State Democratic Central Committee and the Klamath County Democratic Central Committee.
