Delegates Hit Russian Peace Pact

GENEVA (U) — The Western powers Saturday night rejected Russia's anti-NATO pact for "collective European security" as a peril to the West.

Soviet Foreign Minister Vyacheslav M. Molotov came under heavy criticism at the Big Four foreign ministers conference on the charge his proposals would "deceive the hopes of the world."

U.S. Secretary of State John Foster Dulles told the Russian diplomat his attempt to push through a security pact while delaying any effort to achieve German reunification violated the directives the summit conference laid down three months ago.

Foreign Minister Antoine Pinay of France protested that Molotov's security pact continues to be aimed at the disolution of NATO, the Atlantic defense alliance.

"The French government will not gamble with security, or do deals about it," Pinay declared.

Despite 7½ hours of debate in three sessions since Thursday, Russia and the West have made no dent in Europe's status quo:

Russia will not roll back from the Elbe line—the cold war front in mid-Germany for 10 years.

The West will not bargain on the dismantling of the Atlantic alliance, in which more than 400,000 U.S. troops and airmen are committed overseas.

Russia will not risk a unifying German election that could put anti-Communists in control of that powerful nation of 70 million.

The West will make no deal for German reunification that would concede in advance the military neutralization of all Germany. It has two-thirds of Germany arming in NATO now.

Molotov's security pact was first rebuffed at the Berlin conference 20 months ago.

It calls for the destruction of NATO within three years, bypassing of German reunification, recall of American forces from this continent, and allowing Red China to become an official observer in European political and military organizations.

British Foreign Secretary Harold MacMillan said the security pledges in the Soviet pact had nothing solid to support them.

He argued that only the West would have to pull back under the pact, leaving Russia in a formidable position if the center of Europe with its control intact over smaller Communist powers.

The Western ministers praised, to no avail, their package proposal of an "assurance treaty" for the Soviet bloc and Eden-plan free elections to unify Germany.

POLIO REPORTED

PORTLAND (U) — Seven cases of polio were reported by city health authorities in Portland for the week ended Friday.

That is the highest number of cases in any single week this year and brought the total number of cases for 1955 in Portland to 63.

Last year at this time there were 28 cases of the disease.

"THE AMAZING STORY OF A FABULOUS HOSPITAL"

This almost unbelievable but true feature story, as written by and published in one of the country's finest newspapers—the Wichita Beacon— with 48 pages of testimonial proof of unusual relief being given in this great health center, is yours for the asking. It will surprise and thrill you.

Amazing relief is being given thousands who had been given up or declared hopeless—happy relief from most known diseases ranging from cancer to multiple sclerosis; polio to arthritis; rheumatic fever to tuberculosis; headaches to cerebral palsy; epilepsy to heart trouble.

We make no claims we cannot more than prove and invite continuing investigation of our work by public, press and government. Rates are reasonable and results are usually beyond expectations.

The only purpose of this ad is to let the sick know where they may find relief. This institution profits no one but its patients. If you are sick, send your name and the names of your sick friends to SPEARS CHIROPRACTIC HOSPITAL, Denver, Colo.—Adv.
