Navy Lists NROTC Exams

High school seniors and graduates have only until November 19 to apply for the Navy's college training program, it was announced today. Candidates who apply for the NROTC will take the qualifying mental examination on December 10 as the first step in the competitive cycle leading to an appointment as midshipman.

Successful candidates will start their Naval careers in colleges and universities across the country in 1956 with financial assistance from the government. After a normal college education, graduates will be commissioned in the regular Navy or Marine Corps, for active duty with the fleet.

Male citizens of the United States, between the ages of 17 and 21, are eligible to apply for the NROTC aptitude test. Persons who attain a qualifying score will be given the Navy's midshipman physical examination next February. From the pool of qualified candidates remaining in competition, approximately 1,800 will be selected for appointment to the NROTC, and the college of their choice.

Students enrolled in the regular NROTC program will spend their summers on training cruises with the fleet, and will receive $600 annual retainer pay until commissioned. In addition to the normal college curriculum, the midshipmen will study a planned course in Naval Science. All tuition, fees and books will be furnished by the Navy.

Applicants in this area can obtain the necessary forms from the nearest high school or Navy recruiting station, or by writing direct to the Chief of Naval Personnel, Washington 25, D.C.
