WALL STREET

NEW YORK (AP) — The stock market took its third strong step ahead Monday in a continuation of the vigorous recovery drive started last week.

Prices were up 1 to around 4 points at the best in most divisions. Some high priced stocks added a little more.

Trading started with a rush that swamped the tape briefly, but that soon dwindled down to a walk. Trading nevertheless came to an estimated 2,300,000 shares as compared with 2,430,000 shares traded Friday.

Gold Mine Protest Aired

PORTLAND (AP) — Mrs. Gladys Laycock says that government-pegged prices are so low that she can't realize any profit from her Grant County gold mine, which she says contains gold ore worth 40 million dollars.

It would cost that much to mine the gold, her attorneys contend in a brief filed Saturday with the district court of appeals. The brief asks $10,000 damages from the government and abolition of federal gold purchase policies.

Under law, the government is the sole purchaser of newly mined gold and pays the established price of $35 an ounce.

Mrs. Laycock contends in the suit she could get more if she were allowed to sell the gold to dentists and jewelers.

Her suit was dismissed earlier by a federal court here. The brief filed Saturday appeals this dismissal to a higher court.

Mrs. Laycock inherited the mine from her father. She says she has been working in a Prairie City drugstore recently to support herself and the idle mine.

Car Knocks Over Street Sign

An auto driven by Donald A. Anderson of Modoc Point early Monday morning knocked over a street sign at East Main and Stukel when the driver failed to make the turn in East Main at Mills School, Klamath Falls police reported today.

Anderson forfeited $25 bail in municipal court this morning after being cited for violation of the basic speed law.

Police said that this was the latest in a long series of accidents at this corner, and that it followed the normal pattern. Police said that most of the acidents have occurred late at night, and that the auto usually is headed from South Sixth toward Main Street. Usually, the accidents are caused by too much speed at the curve on East Main at Mills School, police said.

BRUSSELS, Belgium (AP)—Group Capt. Peter Townsend resumed his work as air attache at the British Embassy Monday after a holiday which saw the end of his romance with Princess Margaret.

Officials Investigate Evans Fire

Klamath Falls Fire Department officials are continuing their investigation of the fire which caused serious damage to the basement and first floor of the Evans Building at Tenth and Main streets Saturday night, Fire Chief Roy Rowe said today.

No exact damage figures have been obtained, but insurance adjusters were scheduled to begin their appraisal of the damage today, and should have the job completed before the end of the week.

Rowe said that the electric system of the building suffered severe damage, and that a large amount of rewiring will be necessary. The main input line went to a switch and meter board in the basement, where the fire burned at its hottest.

There was little structural damage to the building, but smoke damage to street floor tenants was heavy. Tenants include the Sullivan Furniture Company, the Local Loan Company, the California Pacific Utilities Company and the Klamath Falls United Fund office.

Rowe said that none of these firms lost any of their records, but that utilities service to the building would be interrupted because of the fire damage. Efforts to restore service were being made today.

This is the second major fire in the building. On February 16, 1947, the building, which at that time had apartments in the two upper floors, caught fire and five persons were killed before the blaze was extinguished. Since that time, the apartment portion of the building has been unoccupied. The old third floor was cut off, leaving the building as a two-story structure.

Jail Break-In Man Sought

No trace had been found Monday of a scantily clad "goof ball addict" who tried to break into the Klamath County Jail.

Sheriff Murray Britton reported that shortly before 1 a.m. Sunday, he was tipped off by an unidentified phone caller that the break-in to the jail was in progress.

Britton and relief jailer Richard Hunt pursued a man clad only in a T shirt and a pair of shorts who had placed a ladder against one of the jail walls and pried open a window leading into the women's quarters. The prowler was last seen disappearing behind a huge pile of sawdust at the Municipal Heating Plant.

A search near the ladder which was left standing against jail wall revealed a bottle of sleeping pills, known in police parlance as "goof balls."

Firemen Answer Distress Call

The Klamath Falls fire department respirator squad Sunday afternoon was called to aid a small child who had swallowed a bottle of medicine, fire department spokesmen said today.

The child, 22½ month old Joseph Keffer, son of Mr. and Mrs. David Keffer, 2404 Radcliffe, was taken to the hospital, where his stomach was pumped. He is recovering normally, firemen reported today.

The call was received at 2:30 p.m.

Damage Suit Filed Here

A $15,000 damage suit against City Attorney Henry Perkins and Richard Harrington, resulting from an automobile accident near Algoma in June, 1953 went on trial Monday before a jury in Circuit Judge David R. Vandenberg's court.

Three vehicles were involved. The suit was brought against Perkins and Harrington by Earl G. Kearns, driver of a truck involved in the collision.

The plaintiff charges that careless, negligent and reckless driving by Perkins and Harrington was responsible for the accident. Two horses belonging to Kearns were injured and his truck was wrecked, according to the complaint.

Perkins is represented by attorneys Richard Maxwell and Ben Goddard. Attorneys for the plaintiff are George Reinmiller, Portland, and Edwin E. Driscoll and A. C. Yaden, Klamath Falls.

District 25 PTA Meets

EDGEWOOD — Some 50 members of District 25, PTA, attended a meeting held in the Butteville School here on Wednesday.

Announcement was made regarding the showing of the American Cancer Association film regarding cancer in women. The film will be shown in Weed on November 29 and will also be shown at Yreka and Dunsmuir.

Mrs. Ray Methvin, Pondose, district reading and library chairman, and Mrs. Gilbert Osborne, district education chairman, were introduced by Mrs. R. G. Gaynor of Weed, second vice president of the district and they, in turn, presented the district program. Mrs. Methvin presented short reviews of selected books for all ages of children and for adults and arranged a display of the various books available through the Siskiyou County Library at Yreka.

Spud Council Meet Slated

The seventh annual meeting of the National Potato Council will be held November 28 and 29 at the Hamilton Hotel in Chicago. These dates are the first two days of the International Livestock Show — so growers will have a chance to attend the meeting and take in the stock show on the same trip.

The meeting is of special importance this year to all potato growers. A special committee, appointed last August to work on a long-time potato program to handle surpluses, will present its program to the growers. If any program is approved, plans will be made to have it put into effect. The council hopes to have full and complete discussion by those present. All suggestions will be offered to the group for approval or rejection.

The meeting will also consider proposed programs to stimulate greater consumption of potatoes. At the present time the council is working with retailers to push sales in large quantities and, in this way, encourage people to use more potatoes. Further plans for promotion will be considered.

A special luncheon is planned for each day, but evenings will be free for those who wish to attend the stock show.

Louis Lyon of Malin, is one of the directors of the National Potato Council from this state.

New Business Law Studied

DUNSMUIR—The first reading of a revised business license ordinance will be heard at the next city council meeting. It has been prepared by City Attorney Gerald Shannon.

Council agreed that teeth should be put into the ordinance, requiring a businessman to sign a sworn statement on his gross receipts. Those who decline to do so may pay the maximum fee of $125. A new bracket is included, requiring all businesses which gross over $5,000 to pay $100 annually. Newly established businesses will pay minimum fees. The ordinance is along the same lines as that adopted by Chico.

The council also tentatively granted a building permit to the Southern Pacific for construction of a bridge across the Sacramento River, pending determination of the status of the bridge with state authorities.

Ted Fay appeared before the council as representative of the Dunsmuir Chamber of Commerce to renew the chamber's plea for a $1,000 subsidy from the city. Mayor Fred Lloyd pointed out that a 15 per cent cut had been made across the board in order to balance the budget and he felt the city could not meet this request.

Other business at last week's meeting included the first reading of the revised garbage ordinance.

Stolen Car Recovered

WEED — An automobile stolen from S. K. Jerome in Redding Sunday morning was recovered by Weed police and the driver held before the owner of the car had discovered the vehicle was missing.

About 4:15 a.m. Sunday, Weed police officer Elmer Holder observed a car entering Weed at Highway 99 and Highway Avenue with only one headlight. When he attempted to overtake the car, the driver speeded to 45 miles an hour in a 25-mile zone.

Checking the license and registration after Holder stopped the car, the driver, Leo Ellsworth Nuyens, 22, of Seattle, admitted getting into the car which was parked near the residence of the owner, Saturday night to go to sleep. When he wakened and discovered the keys in the car, he said he decided to drive off.

Weed police notified the Redding police that the car and driver are being held for them.

Assault Case Hearing Asked

C. H. Parks, 24-year-old Bend logger, accused of a brutal attack on his sister-in-law, Mrs. Dean Parks, Sprague River, demanded a preliminary hearing Monday when arraigned before District Judge D. E. Van Vactor on a charge of assault with a dangerous weapon.

District Attorney Richard Beesley informed the court that a charge of contributing to the delinquency of a minor is pending against Parks in Bend.

According to Deputy Sheriff Woody Joe, Parks became enraged when his sister-in-law refused to run away with him and attacked her with a butcher knife. Mrs. Parks was treated at Klamath Valley Hospital for cuts about the hands and arms.

The accused knife wielder was lodged in the county jail when he was unable to post $3,500 cash bail. His preliminary hearing on a charge of assault with a dangerous weapon has been set for 10 a.m. Thursday.

Bogus Check Charge Filed Here

Lewis Allen Hanson, 37 of Grand Junction, Colorado, waived preliminary hearing and was ordered held for the grand jury Monday when arraigned before District Judge D. E. Van Vactor on a bogus check charge. In lieu of $2,000 bail, he was remanded to the county jail.

According to Deputy Sheriff Dale Mattoon, Hanson passed a spurious $10 check in a Klamath Falls grocery store.
