Eisenhower Turns Attention To Mid-East War Settlement

WASHINGTON (AP)—President Eisenhower has focused the United States search for Middle Eastern peace once more on economic aid and a military willingness to guarantee security.

At the same time, he emphasized yesterday that while the United States will continue to consider requests for arms for self defense, it will not "contribute to an arms competition in the Near East."

Taking a personal hand in American efforts to end Arab-Israeli friction, the President issued a statement at Denver renewing his endorsement of "the economic and security contributions which this country was prepared to make," as outlined by Secretary of State Dulles last Aug. 26.

In a New York speech, Dulles proposed then:

1. Loans to compensate refugees, develop water resources and irrigate arid lands in the Middle East.
2. U.S. participation in formal treaty commitments to guarantee the embattled borders between Israel and her Arab neighbors, if the two sides agree on a permanent peace.

Those points also got simultaneous attention overseas. In Geneva Dulles and British Foreign Secretary Harold Macmillan considered the possibility of raising money to help Egypt harness the waters of the River Nile.

Egypt already has pending before the World Bank a request for a loan for a high dam at Aswan.

In London, Prime Minister Anthony Eden echoed Dulles' August offer to guarantee the frontiers once the Israelis and Arab states agree to a permanent peace.

Eden accused Russia of creating additional danger in the Middle East by shipment of arms and said "it is fantastic to pretend that this deliberate act of policy was an innocent commercial transaction."

The Russian radio has made that statement with reference to Czechoslovakia's shipment of arms to Egypt.

Eisenhower's statement made no direct mention of the arms shipments, but after referring to U.S. and U.N. efforts to promote peace and "minimize violence in the area," he said with obvious reference to Russia:

"I hope that other nations of the world will cooperate in this endeavor, thereby contributing significantly to world peace."

The United States, Britain and France agreed in a joint declaration in 1950 to work to prevent an arms race and any forcible change of borders in the Middle East.

MANILA (AP)—Adm. Felix B. Stump, U.S. Pacific Fleet commander, arrived Wednesday for a three-day stay on his tour of Navy installations in the Far East.

Eisenhower Plans To Leave On Schedule

By MARVIN L. ARROWSMITH
 DENVER (AP)—Today is President Eisenhower's 46th and last full day in Eisenhower Army Hospital. Tomorrow he'll be off to Washington and a joyous "welcome home" reception.

The mood at the hospital on this final day—among the doctors, nurses and all the others who have cared for the 65-year-old President—is a joyous one, too. They are all delighted—and so relieved—that his damaged heart is mending well.

Eisenhower undoubtedly is happier of all, although his wife is feeling mighty good about the way things are going.

With check-out time just a day off, the President's business agenda was being kept light to assure as much last minute rest as possible. He had no official government visitors scheduled today except for his chief aide, Sherman Adams.

Departure from the hospital is fixed for about 8:30 a.m. MST tomorrow and 30 minutes later he will take off for Washington aboard his private plane, Columbine III.

His doctors agree that the President could have left the hospital a few days ago if he had been willing to be carried aboard the plane. But he insisted that when he did leave he was going to be able to walk up the 19-step ramp.

Now he is able to do that. Yesterday he walked up and down a 20-step flight of stairs at the hospital a half dozen times.

In going up the ramp to his plane at Lowry Air Force Base here, Eisenhower will pause on about the seventh step at a microphone in place there and address the nation briefly on television and radio. He probably will express thanks for the prayers for his recovery and for the tens of thousands of "get well" messages he has received.

He also plans another brief informal talk on arrival at the Washington airport.

There will be a "welcome home" reception there and greetings from crowds along the route from the airport to the White House, which Eisenhower left Aug. 14 for a Colorado work and play vacation. He was stricken in Denver Sept. 24.

After a weekend of rest at the White House, the President will travel on Monday to his farm at Gettysburg, Pa., for further convalescence.

His eagerness to get started East was apparent yesterday as he posed for photographers with President Carlos Castillo Armas of Guatemala. Standing in the hospital corridor in a beige robe over light yellow pajamas, Eisenhower talked about a "bright and early" departure for Washington tomorrow.

He did so in chatting with Edward T. Folliard, veteran White House reporter for the Washington Post and Times Herald, who represented his colleagues at the picture-taking session. Folliard later wrote:
