Farm Bureau Ends Meet In Salem

SALEM (AP) — The Oregon Farm Bureau Federation was to close its annual meeting here Wednesday with action on resolutions and election of officers.

Ernest Wiegand of Corvallis, former head of the food technology department at Oregon State College, received the federation's annual service award at Tuesday night's banquet. Thirty-year service pins were presented to 30 members.

Len Jordan, former governor of Idaho and now chairman of the U. S. section of the International Joint Commission, discussed the Eisenhower administration's hydro electric power policies in a talk at Tuesday's business session.

Jordan said the administration policy was opposed to "federal power monopoly" and that it had given privately owned companies and local public agencies confidence to build dams to supply power needs.

Persons who insist on "federal-or-nothing" development may delay progress of the administration's plan to split from federal to local or "partnership" development programs, Jordan said.

He praised the work of Secretary of the Interior McKay and the Federal Power Commission's recent licensing of Idaho Power Co. to build low dams in Hells Canyon stretch of the Snake River.

Arthur Anderson, president of the Colorado Farm Bureau, told delegates that the "crop of freedom is the farmers' best crop." And, he added, a good production of this crop of freedom is the best way for farmers to solve the surplus problem.

Being forced by law to reduce acreage would, Anderson said, be economically unsound and would not be freedom, Anderson said.

The acreage reduction proposal has been mentioned by some farmers as a method of reducing production and surplus.

NWP Train Goes Off Track

EUREKA (UP)—Eight cars of a southbound Northwestern Pacific freight train were derailed yesterday, doing considerable damage to tracks and ties at the Seward Creek bridge about 77 miles south of here.

George L. Morrison, vice president and general manager of NWP, said his "best guess" was that "operations from Willits north will be tied up at least 48 hours."

Morrison said track crews had not been able to determine what caused the derailment of seven freight cars and a caboose of 85-car train.

He said the overnight trains between San Rafael and Eureka were cancelled and that buses were carrying mail and passengers between the two points. Service between San Rafael and Willits is open to Eureka, Morrison said.

Wounded Deer Fells Hunter

GREAT FALLS, Mont. (AP) — A Great Falls hunter is recovering in a hospital from a leg wound inflicted by a pain-maddened deer.

Jess McDonald said he dropped a two-point buck in the Highwood Mountains. When he reached the buck's side, the animal sprang up.

In turning to get away, McDonald slipped and fell. The buck charged, driving an antler through McDonald's right thigh. Pulling away from the maddened beast, McDonald rolled down a steep 50-foot hill into a small stream.

Looking back up the hill he saw the deer was going to charge again. He retrieved his rifle, which had dropped down the bank, and fired point blank, killing the buck.

With the aid of a friend, McDonald brought the deer out.

Brown To Face Kidnap Charge

SAN FRANCISCO (UP)—Arthur Ross Brown, 30-year-old fugitive ex-convict, will be returned to Kansas City, Mo., to face charges for the kidnap-murder of an attractive socialite whose nude body was found in a field.

The FBI said Brown boastfully admitted abducting Mrs. Wilma Allen in Kansas City Aug. 4. Brown said he planned to rape the woman, but changed his mind and shot her twice in the head.

Brown appeared before U. S. Commissioner Joseph Karesch and signed a waiver of extradition yesterday.

Brown was arrested early Monday by police and FBI agents who caught him asleep in a stolen car with two loaded pistols at his feet.

CAA Blames Prop For Ditching

WASHINGTON (AP) — Propeller failure was blamed by the Civil Aeronautics Board Tuesday for the ditching of a Pan American World Airways plane off the Oregon coast March 26.

The CAB said the No. 3 propeller failed and ripped its engine from the plane shortly after take-off from Portland on a flight to Honolulu.

The agency recommended replacement of hollow steel propellers used on the aircraft with propellers having solid metal blades. The report said Hamilton Standard, the propeller manufacturer, have scheduled tests "for the immediate future" of solid aluminum alloy blades.

After the March 26 ditching, the 23 plane occupants plunged into the water and swam to life rafts which had been cast adrift. Four died and one was injured.

Laurence Wolf Hearing Set

PORTLAND (AP) — Circuit Judge James W. Crawford Tuesday set Dec. 3 as the date for a hearing on the guilt of Victor Laurence Wolf, the confessed killer of Kermit Smith.

Smith, 34, was killed April 21 by a bomb which Wolf said he had wired in Smith's car at the urging of Smith's wife. This implication of Mrs. Smith was rejected by a jury, which cleared her.

Wolf confessed in open court under terms of an old and seldom used law. That permits the court to determine the degree of his guilt. Judge Crawford said he'd call on a jury to do it.

Two psychiatrists who examined Wolf said they plan further tests before deciding on his sanity. Should the tests indicate Wolf is insane, his attorneys have said they will change Wolf's plea to innocent by reason of insanity.

Brazilian Leaders Face New Crisis

RIO DE JANEIRO, Brazil (AP) — Brazil's five-day-old government was faced with a possible new crisis Wednesday. Jose Gales Filho may return from sick leave and try to take back his old job as president.

Close friends said he is as far recovered from his heart attack as he may be ready to resume the presidency as early as Nov. 18. Others said he may wait till later.

Under the constitution, he is entitled to end his sick leave and take back the office when he chooses, but if and when he does he will run into the opposition of the same military forces that ousted his temporary successor, Carlos de Lencastre, in a pre-dawn coup last Thursday.

"DENNIS THE MENAGE"

Jack Barry Named Winner Of Jaycee Speech Contest

Jack Barry, Merrill High School senior, was judged the winner in the county-wide Voice of Democracy contest sponsored by the Klamath County Junior Chamber of Commerce. The final test was broadcast over KFLW at 8:30 p.m. Tuesday. Participants from seven of the county's nine high schools participated.

Barry, son of Mr. and Mrs. Dan Barry, Merrill, is a four-year letterman in sports; was student body president in 1954; is senior class president this year and editor of the school annual yearbook. He won a \$50 U.S. government bond given by an anonymous man donor.

The Voice of Democracy contest is a national script writing, voice contest sponsored by the Jaycees. A tape recording of Barry's speech will be sent to Portland for competition in the state contest later this month. The state winners compete for the four co-equal national awards.

The Jaycees Voice of Democracy committee was Gail Osborne, Frank Ganong and Leo Morstad with Jack Otterbein as chairman.

Margaret Rodgers, Bonanza senior, daughter of Mr. and Mrs. Floyd Rodgers, won second place. Margaret last year won the IOOF United Nations speech contest and received a trip to U.N. Headquarters, New York, last summer. She won a table model radio donated by Bob Egge, manager of Sears.

The third place winner was John Vandenberg, Sacred Heart Academy senior, son of Judge and Mrs. David R. Vandenberg, Klamath Falls.

Farm Women Tour Hospital

A tour of Klamath Valley Hospital was conducted on November 10 by Mrs. Alva Griffith, manager, for members of the Klamath County Farm Bureau Women. The group met for the regular monthly meeting at the community lounge prior to the tour.

Mrs. Griffith took the group through the various hospital departments explaining the functions of each and the use of the varied equipment. She gave costs and stated that it was necessary to make frequent replacements to keep the equipment functioning 100 per cent. The hospital constantly adds new and more modern equipment to increase the efficiency of the hospital and of the staff.
