Serve the very finest...

Quick freezing is the modern miracle that makes it possible for Safeway to bring you turkey at its best. Here's why: The birds go into the freezer within an hour after being completely cleaned inside and out. There's no chance for the meat to lose its "just-dressed" flavor. All the preparation, killing, cleaning, and freezing—is done as one continuous operation in spick-and-span plants by skilled workers... and under U.S. Department of Agriculture supervision. Every step of the way—from selection of the birds from the country's finest flocks—to their display in our stores—gentle care is taken to assure that you get a turkey that will eat sweet and juicy, right down to the last tender morsel.
