

Trio Held On Theft Charge

SAN FRANCISCO (UP)—The employees of an appliance store were accused of stealing \$7500 worth of washing machines and refrigerators from their boss yesterday and an Oakland repair shop owner was arrested on suspicion of receiving stolen goods.

Police Inspector George Dyer Jr. said Herpal Crobin, 28, and Clinton Henderson, 20, both of Oakland, were arrested for suspicion of burglary after the employer, William Barrell, and a special policeman caught the two men entering the store early yesterday.

The third man, Ben S. Shaw, 56, was charged with suspicion of receiving stolen goods. He denied the charge.

Dyer said Crobin and Henderson readily admitted the theft of 22 refrigerators, two washers and a deep freeze since September.

The arrests came about after Barrell became suspicious of his depleted warehouse stock and suspected an inside job.

"Amazing gal, my Amy!"

The efficient way my Amy whizzes through her housework leaves me dizzy, but proud! Take wood floors, for instance. Some gals spend a back-breaking day scrubbing and waxing. But not Amy! She cleans and waxes them in one easy operation with Bruce Cleaning Wax. It takes only half the time and Bruce does practically all the work. And Amy's friends just rave about our beautiful wood floors. My Amy and her Bruce Cleaning Wax sure outsmart tough floor care problems. And I can't help crowing about them.

P.S. For lighter waxing on linoleum and wood, Amy uses Bruce Floor Cleaner.

November is Pie Baking Time

Rich, spicy airs of pumpkin pie and sage dressing will soon be filling kitchens once again. Let your family gather to the finest fall meals yet—meals topped off with pies whose crusts melt in your mouth.

Good pie crust is no accident. It's the result of good ingredients (Oregon soft wheat flour make the best pie crust ever) and a good recipe.

Did you know that wheat foods in a well-balanced diet give you 25% of your daily food requirements... for only 10% of your food dollar?

BASIC PIE CRUST

Sift together: 1 cup sifted enriched all-purpose or pastry flour, 1/2 teaspoon salt. Cut in until mixture forms particles the size of small peas. 1/2 cup cold shortening. Sprinkle 2 tablespoons cold water over the flour mixture and blend with a fork. Form into ball with hands and flatten into large circle. Roll out to size of pan plus 1". Ease into pan with extra fullness. Fold excess under pan edge.

Flute by grasping edge of crust with thumb and forefinger of left hand. Place thumb and forefinger of right hand 1/2" to the right and make pinch by bringing hands together. Move left hand one flute to right and continue pinching around pan. Make fork marks over entire pan on bottom and sides. Bake at 450° for 12-15 min.

FOR DOUBLE CRUST

Double amount of basic pie crust recipe. Roll out 1/2" of pie dough to size of pan. Place in pan and trim off excess at edge. Roll out top crust 1/2" larger than pan. Brush edge of bottom crust with cold water. Place desired filling in lined pan. Cover with top crust. Tuck upper crust under lower crust and flute as for pie shells.

ARE YOUR CRUSTS SHRINKING?

A well-shaped crust calls for practice and planning. When placing crust in pan, ease in and provide extra fullness to avoid shrinking. Follow your recipe... too much water will cause a crust to shrink. Let it "rest" before trimming and fitting.

Pastry flour is blended just right to give you a flour that can be "worked with" more.

Pair Freeze In Barnlot

ENTERPRISE, Ore. (UP)—Phillip Crow, 11, found the frozen bodies of his mother and his 3-year-old sister when he walked out into the yard of their farm home Saturday.

The mother, Mrs. Victor Crow, about 38, apparently suffered fatal injuries when she fell from a hay-stack ladder as she was getting feed for livestock. Authorities believe she may have been knocked off by a falling bale of hay.

The little girl, Jenni Le Crow, apparently followed her mother into the barnyard and died of exposure.

Phillip drove a tractor two miles to the town of Joseph to report the tragedy.

The boy said that his mother told him before he went to school Friday that she planned to attend a choir practice that day. When he came home that afternoon, he assumed the mother had been delayed and he and an 8-year-old sister, Lou Ann, went to bed.

He came upon the bodies the following morning when he became alarmed and started looking for

his mother. The father was away from home at the time on a part-time carpentering job at La Grande.

Mrs. Crow's survivors include Greenwood, of Spokane, and a brother, Robert Greenwood, Boise.
