The 1956 Buick SPECIAL 4-Door Riviera

THIS ONE is the news-maker that's front-page big.
This one is the new Buick SPECIAL for 1956 - the biggest bundle of high-powered energy and high-fashion luxury ever offered in Buick's lowest-priced Series.

Just a quick listing of some certain facts will give you the picture.

First-its engine is a big new 322-cubic-inch V8 engine with an all-time high in horsepower for this Series - and an engine that hits the record book at a neat 8.9 to 1 compression ratio.

Second-its getaway-with the double-action take-off of the new Variable Pitch Dynaflo*-is spectacular even at only part throttle-and comes with a new boost in gas mileage to boot.

Third-on ride, this new SPECIAL is more than great-what with all-coil springing, and torque-tube stability, and a new deep-oil cushioning, and a whole new front-end geometry that adds a wonderful "sense of direction" to the car's travel.

Fourth-on room, luxury, interior finish - there's never been a Buick SPECIAL like this before. From the big, broad seats to the stunning new instrument panel-there's new decorator smartness and quality throughout.

But get the picture on price, and you have the biggest reason why this sizable automobile is so extra special a buy.

For this Buick comes to you at a figure so close to those of the most widely known smaller cars, the difference in price is small change.

So-come in and see and sample this beauty. You'll find it, we firmly believe, the biggest package of automobile at anywhere near its budget price.

New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century-optional at modest extra cost on the Special.
