YOU'LL ENJOY S.P. TO CALIFORNIA

Two fine trains...One fine time

Safest and most interesting way to go to California is on one of our two great streamliners — the *Shasta Daylight*, by day, and the *Cascade*, overnight. Travel doesn't come any finer and the fares are surprisingly low.

Both speed daily between Portland and San Francisco with convenient connections to and from Los Angeles and points East.

The *Daylight* is a luxurious chair car train that gives you a relaxing day of fun and sightseeing — the high Cascades, Mt. Shasta (14,161 feet), the spectacular Sacramento canyon. Features include the unique terraced all-dome lounge car, the dining and coffee shop cars and chair cars with huge "skyview windows."

A night on the *Cascade* is like a gay evening in a deluxe hotel... cocktails, dinner, fun in the "Cascade Club" and then a fine sleep in a really good bed in your own private room.

You'll enjoy a fast, relaxed trip on either of these famous trains.
