

THE UPPER LAKE is always a beautiful sight, even when the first ice of winter fringes its shores. This shot was taken from Highway 97 just short of Modoc Point.

TIME FOR ACTION

The active man, whether he be sportsman, woodsman, boatman or do-it-yourselfer, will appreciate an "extra" watch, preferably on the rugged side, shock resistant, water resistant and nonmagnetic, to keep him right on time, when riding his hobby.

RING CHRISTMAS BELLES

As Christmas gift to one near and dear, a ring carries with it a warm message of affection and sentiment, whether it be a simple sterling friendship ring, a birthstone ring or the all-important diamond engagement ring.

Silver Gifts Are Cherished By Women Of Good Taste

For the discriminating woman, there is nothing in the way of a gift that is more cherished than fine silver. And happily, the choice is wide.

Take the variety of gleaming silverware and hollowware in either sterling or plated silver, for example, which is vast. Everything from a pickle fork through a gravy bowl to a handsome candelabra for beautifying the table is here to choose from.

Here are the gifts which help to make living truly gracious. Silver gifts are especially appropriate for giving in commemoration of some important anniversary coming during the Christmas season. Silver gifts will be more than ordinarily important to the young married couples still at work assembling the fine things they will want to add distinction to their hospitality.

Gift shoppers wracking their brains for Christmas giving ideas, will do well to think of their own prized silver possessions or those of their families as a guide to choosing gifts for others. The trays, the serving dishes that are so invaluable to a graciously served meal offer handsome solutions to many gifting problems. So do the versatile bowls which are available in a variety of shapes and sizes.

While it is the discriminating woman who first inspires thoughts of silver, it might be remembered that there are exciting silver gifts to be found for men as well. Among a quick check list for your host — for such will be most of the men for whom you will

EYESIGHT BOOSTER

An illuminated reading glass that will be welcomed by reader or sewer. This rectangular model by Bausch & Lomb.

A WELL PLOWED COUNTRY ROAD attracted the photographer's eye last winter when he was cruising around in the country. This scene was shot at the Geary Flat heading north and shows the mountains in the background with the old Aspen Lake road winding up the hill.

SCORE A SOCK HIT

Gift your man with socks is simplified by the popularity of the stretch sock. It presents no size problem, because all socks stretch to fit all sizes of feet. New colors, patterns and weaves have been introduced widening the selection.

CLIP-ON SPARKLE

A pretty "extra" gift for the ladies is a pair of clip-on brilliants to adorn shoes, handbags, belts. After wrapping a gift box, clip the sparklers securely into the ribbon for a distinctive package and a distinctive present.

SKIERS FROM ALL AREAS congregate every year at Crater Lake to take in both the excellent skiing and the world-famous scenery of the high crater. These Oregon skiers were snapped as they buttoned up in warm clothes last spring.

LIGHT METER

A gift of a light meter to the amateur photographer, whether a beginner or an old hand at the game, will help him make better pictures.

MATCHES FOR HOSTESS

Monogrammed pads of matches for the hostess to use at her parties, would be a welcome gift. Order them early from your favorite smoke shop or department store.

REMEMBER PETS

A rubber bone for Fido, some catnip for Tabby, should be under the tree for family pets. Don't leave them out of the fun.

PRESENT WITH A BRILLIANT FUTURE would be a fashionable cocktail jacket hinting of parties to come. Here's one of mid-night black suede accented by lots of glitter. It's treated to resist stains. By Leathermode, processed with DuPont's Quillen.

DAD WILL LIKE THIS TOO—

an electric knife sharpener for cutlery, scissors and tools also. This is by Oster.

BUCK ISLAND always makes a pretty winter scene when the ice has locked it in the lake and the surrounding mountains run down to greet the same ice along the shores.

SAY IT WITH CHARMS

Start (or continue) her charm bracelet, this Christmas. A wide selection of karat gold charms is available to convey a special message, tell a "life story" or commemorate important events.

CASTLE OF CARDS

Slotted packs of cards have come into vogue to make a reality of the "castle of legend." Only the one built from these cards is a little more difficult to topple.

EMBLEMATIC RINGS

For the man who "belongs," a ring bearing the symbol of his favorite fraternal, military, religious or other organization makes a welcome gift.
