Jap Minister Hits Red Tests

TOKYO (AP) — Foreign Minister Shigemitsu Friday attacked the reported nuclear tests and "aggressive strategy" of Soviet Russia.

"There is little doubt that international tensions are once more mounting apace," he said in a report to the opening session of Parliament.

"In the face of Russia's aggressive strategy, coupled with reports of recent Russian test explosions of atom and hydrogen bombs, the free world has every reason to be ill at ease," Shigemitsu said.

"The Soviet Union is not only worming its way into Egypt and other Arab countries but also trying to reach out for the Middle East and Near East and for Asia."

It was one of the strongest official attacks against Russia here since World War II and the first time a Japanese minister has pointed so sharply to Soviet nuclear tests and ambitions in the Middle East.

Shigemitsu declared his nation "will pursue a policy of peace, keyed to the basic principles of cooperation with other free and democratic nations.

"Let me say that Japan has maintained and will continue to maintain, close contact with the United States and cooperate on all problems of mutual concern," he added.

Wet Weather Outlook Today

By THE ASSOCIATED PRESS

Wet weather, in the form of rain, snow and sleet, was the dreary outlook Friday for many parts of the nation.

The snow and rain which fell over the central part of the country moved eastward and Friday morning extended as far as Eastern Ohio, West Virginia and Alabama.

Rain fell from the Ohio River southward while rain mixed with freezing rain pelted areas in Illinois, Indiana and Ohio. Snow fell in northern Midwest sections and extended south into Southern Missouri, central Illinois and parts of Indiana and Ohio.

Skies were cloudy in the Western part of the country with snow in the Rockies and plateau region and rain along the Pacific Coast.

Temperatures moderated over the chilled eastern half of the nation from the Plains States to the mid-Atlantic states. Early morning readings were in the 20s and 30s across the northern half of this region and in the 40s and 50s over the southern section.

It was a little colder in the Northern Rockies and the Pacific Northwest, with temperatures mostly in the 20s and 30s except for 15 to 20 degree marks in central and Western Montana.

JUMPER FAVORITE

9052 SIZES 6—14

by Marian Martin

Full circle skirt on this sew-easy jumper—every young lady's favorite! The perfect style for school days of winter; colorful, toasty-warm in gay plaid wool! Surplice bodice shows off the pretty styling of companion blouse.

Pattern 9052: Girls' Sizes 6, 8, 10, 12, 14. Size 10 jumper takes 2⅞ yards 59-inch fabric; blouse, 1 yards 35-inch fabric.

This easy-to-use pattern gives perfect fit. Complete, illustrated Sew Chart shows you every step.

Send thirty-five cents in coins for this pattern—add 5 cents for each pattern for 1st-class mailing. Send to Marian Martin, care of Herald and News, Pattern Dept., 232 West 18th St., New York 11, N. Y. Print plainly name, address with zone, size and style number.

Covenant Church To See Movie

Suitor Gets Probation

PORTLAND (AP) — Jesse W. Moore, 64, who pleaded guilty to an attempt to kidnap a 6-year-old boy for $20,000 ransom last June, was placed on five-year probation Thursday.

He failed to make off with the son of Mrs. Lillian Weinstein because Mrs. Weinstein, her 10-year-old daughter, the boy and even Mrs. Weinstein's mother came up fighting and chased him out of the house in early morning darkness.

A gun he dropped there led police to him.

Moore's attorney, Glen McCarty, said Moore never had been in trouble before, and attempted the kidnaping on the spur of the moment to try to raise enough money to marry a woman with whom he had fallen in love.

Farm Bureau Holds Meeting

LANGELL VALLEY — The Langell Valley Farm Bureau held its regular meeting at the Lorella Community Hall Tuesday evening. The meeting was called to order by chairman Art Monroe.

Walter Smith Jr., reported on the county meeting and said the highlight of the meeting was the talk given by Charles Henderson and his explanation of the Land Bank Plan, which Smith explained to members. Plans from Ohio State Farm Bureau and Texas Farm Bureau and their ideas for their particular sections of the country were read.

The Langell Valley Center recommended dropping the five basics, and withholding PMA payments to those who do not comply. They also recommended leasing diverted acres to Fish and Wildlife Service where they charge hunting fees. This would help pay the taxes on the land taken out of production.

There was a general discussion on taxes which might come up for election next year, such as the cigarette tax, state sales tax, and state income tax.

The next meeting of the group will be at the community hall at 8 p.m. December 20. Members are urged to attend.

Viaduct Bids To Be Called

The State Highway Commission is scheduled to call for bids for the construction of a new viaduct over the Southern Pacific tracks on South Sixth Street at a meeting today.

The bids are to be opened at a meeting in Portland on December 20.

The viaduct is on the monthly list of jobs issued by the commission. The list includes all jobs for which bids will be opened on December 20.

The proposed viaduct would be a four-lane structure over the tracks with an extensive traffic interchange at the north end. In addition to the bridge itself, Highway Commission plans call for the widening of South Sixth to Commercial.

Between Commercial and Main, Sixth Street will be one way for outbound traffic and Seventh will be a one way street for inbound traffic.

Under the original plan to open the bids early in November, the viaduct would have been completed next fall. Completion date under the present opening plan was not announced.

According to local highway officials, the viaduct will be slightly south of the present viaduct, allowing the present bridge to be used during most of the construction period. However, it will be necessary to divert traffic to the Main Street underpass for a few weeks while the final phases of the job are completed.

UF Benefit Game Planned

CHILOQUIN — The United Fund drive will be benefited by a basketball game scheduled for Tuesday evening, December 6, in the Chiloquin High School gym at 7:30 p.m. when the town team, sponsored by the Volunteer Firemen, meet the Klamath Falls National Guard team.

The affair, which is being sponsored by the youth groups in town which receive help from the United Fund, the Blue Birds, Camp Fire Girls, Horizon Club and the Boy Scouts, has John Heilbronner, the UF drive director for this area, as chairman. Other committee members are the Rev. Edmund Stanton, Walter Zimmerman, Bill Lorenz, Mrs. Leroy Gienger Jr., Mrs. Earle Wilcox and Joseph Jackson representing Chiloquin, Sprague River and Klamath Agency.

There will be no set admission. Tickets will be obtained by voluntary contributions. Boy Scouts and Camp Fire Girls will operate the concessions and act as ushers.

The total goal for the Chiloquin district in the United Fund drive is $1,250 and it has been collected except for about $80. So everyone is urged to attend Tuesday night to put the drive over the top.

SERIOUSLY ILL

MERRILL — Word has been received by friends in Merrill that Raymond Batty, formerly of Merrill, is seriously ill in Sacred Heart Hospital in Eugene. The Battys have been living in Brookings, where he was stricken Thanksgiving Day. Mrs. Batty (Harriet) is staying in Corvallis with her mother and says cards may be sent to Ray at the hospital.

Logging Road Plans Told

WASHINGTON (AP) — Secretary of the Interior McKay Thursday announced four proposed amendments to regulations governing rights-of-way for logging roads on the revested Oregon and California railroad lands in Western Oregon.

The lands consist of some two million acres, heavily forested, which were granted by the government to the Oregon & California Railroad Co. in 1866. They reverted to the government in 1916.

McKay said any objections to the amendments should be filed by Dec. 18 with the Bureau of Land Management here. The changes would modify existing regulations as follows:

1. Authorize the use of roads across intermingled privately owned lands, usually bordered on all four sides by federal lands, during arbitration proceedings upon condition that licensees furnish liability insurance.

2. Waive amortization fees where use exchange agreements are negotiated.

3. Where necessary for the construction of timber access roads by the government, the granting of permanent easements across private lands will be required.

4. Require that right-of-way permittees state the terms and conditions of road use with authorization for the bureau to publish such information in advance of timber sales.

Dates Checked In Fong Trial

PORTLAND (AP) — The murder trial of Sherry Fong was back to its repetitive course Friday after excitement subsided over a surprise defense witness.

The witness, Sally Irwin, 19, stuck with her story that she saw Diane Hank, 16, alive three weeks after the state says the girl was slain in January, 1954.

But neither the defense or the state found any corroboration, and prosecutor Howard Lonergan brought out two points (1) that Miss Irwin, who now gives the date as Jan. 26, once said it was Jan. 25 and (2) Miss Irwin testified she told Lonergan about this in the district attorney's office in September, 1954.

Actually, said Lonergan, he did not take office until January, 1955.

Circuit Judge Alfred P. Dobson had recessed the trial Wednesday to give both sides time to check details of Miss Irwin's story.

Much of the testimony now is that of the first trial, when Mrs. Fong and her husband, Wayne, were convicted of first-degree murder. That verdict was overturned later by Judge Dobson. The second was declared a mistrial before taking of testimony started.

D. Flournoy Swings Into First District

SUSANVILLE, Calif. — Don Flournoy, candidate for the State Senate in the First District which covers Lassen, Modoc and Plumas counties, this week took his final active campaign swing into various areas of the district.

Flournoy of Likely, a 37-year-old rancher and business man and a member of a pioneer fanuly of the area, is a candidate for the first district's state senatorial seat which will be filled at the special election called for this coming Tuesday, December 6.

The candidate emphasized that in this campaign he is committed to any sound and progressive program that will protect the development of the natural resources of the first district.

He stated he also stood on a platform of: (1) Conservation, utilization and proper development of water sources with protection of rights for counties of origin. (2) Adequate highways and roads. (3) Expansion of industrial uses of resources to not only bolster the local economy, but to help provide year-around jobs for the people. (4) Awareness of contributions to the welfare of the first district by those working in woods, mills, railroads and on other jobs and the necessity to promote more and better steady employment in the district. (5) A prosperous agricultural economy. (6) Expansion and capitilization of the tourist and recreational business with attention also given to proper game management and the recognition that hunting, fishing and other outdoor recreation are of vital importance to the district's economy. (7) Development of the mining industry within our district.

Flournoy also took opportunity this week to thank the individuals and organizations who have supported his candidacy.

Typical of this support was the unanimous endorsement given to Fournoy's state senatorial candidacy in the first district by the Modoc County Cattlemen's Association which reads:

"We endorse Mr. Flournoy because we feel he will represent all the interests of this district fairly and honestly. He has an outstanding labor record as an employer and he worked for a time as a lumber mill employe. He is a successful business man and understands the problems of industry. He is an ardent sportsman and realizes the importance of recreation. Agriculture has made progress recently; Mr. Flournoy has played a part in that progress as a good rancher and farmer. He is active in school, community and youth affairs. For these reasons we feel Don Flournoy is exceptionally well qualified to serve the people of this district."
