

DRESS UP your holiday table with colorful confections. The edible Christmas favors shown here are made from a new multi-colored cereal recently introduced by General Mills. The recipes and suggestions from the Betty Crocker kitchens.

Christmas Confections

Betty Crocker suggests Christmas tree favors for the holiday table, made from General Mills' new multi-colored cereal, Trix. The bright red, yellow and orange pellets make pretty decorations and also good snack eating. The tiny corn puffs are fruit-flavored—raspberry, lemon and orange.

To make the tiny trees, mix syrup with the cereal and press into greased conical paper drinking cups. Wooden skewers become tree trunks and large gumdrops become the bases to make the trees stand straight and tall.

TREE CONFECTIONS

1 cup sugar
1-3 cup water
1-3 cup corn syrup
1 teaspoon salt
1 cup butter
1 teaspoon vanilla
7 cups Trix

Mix sugar, water, corn syrup, butter in saucepan. Cook to 250 degrees or until a few drops form a hard ball when dropped into cold water. Remove from heat and

stir in vanilla. Pour hot syrup in thin stream over cereal in large greased bowl, stirring constantly. Press into greased paper cone drinking cups. Insert pointed wooden skewers into cone to form trunk of tree. When cool, gently remove paper cups. Push blunt end of skewers into large gumdrops so trees will stand upright. Makes about 12 trees.

SNOW TREES

For glistening, snowy trees, use

this tasty marshmallow mixture instead of the syrup:

20 marshmallows
2 tablespoons butter
1/4 teaspoon salt
4 cups Trix

Melt marshmallows, butter and salt over hot water and stir until smooth. Pour mixture over cereal in buttered bowl and mix gently. Proceed as in recipe for Tree Confections. Makes nine trees.

CHRISTMAS PUFFS

Make corn syrup or marshmallow mixture and pour over cereal in buttered bowl. Grease hands.

Press handfuls of cereal mixture into balls. If balls pull apart, re-

shape occasionally until they harden.

Gift Wrapping Suggestions

For a glamorous ombre or shaded effect in your Christmas wrapping, try this:

Wrap a single sheet of colored transparent cellophane over a tissue-wrapped package; put a second piece of the same colored cellophane over two-thirds of the package and secure with tape, and fasten a third strip of cellophane around one-third of the package to give a still deeper tone.

If you like to bake your Christmas gifts, make them gay this easy way:

Individually twist-wrap your cookies and candies in colored, moistureproof cellophane. Mix all the glistening hues to make a really festive and professional-looking assortment. Your confections will stay fresh longer, too.

To make even your simplest package sparkling and gay, over-wrap it with clear cellophane. All gift wraps, whether colorful or subtle, will be more eye-catching and interesting.

CAR WASHING

Whoever washes the car in your household is likely to complain that it's not very convenient or satisfactory to wash and rinse the car in cold water even on a winter afternoon when the snow is melting in the high desert sunshine. If it is at all possible, the difficulty can be overcome by attaching the hose to a basement or kitchen faucet to supply running warm water outdoors for that cold, wet job.

CHINA CARE

You needn't be afraid to use your prettiest china if you take common sense precautions in washing it. The new plastic dishpans prevent nicking good china. Or, pad your sink with a rubber mat and use a hard rubber drainer instead of a metal one.

ing it. The new plastic dishpans prevent nicking good china. Or, pad your sink with a rubber mat and use a hard rubber drainer instead of a metal one.

PERFECT FOR HER

Warm genuine lamb's wool lined, water repellent boots she wants so much.
