

### Robison Enters Xmas Contest

Frank Robison, 2555 Eberlein, was the first contestant this year to sign up in the Klamath County Junior Chamber of Commerce Christmas home lighting and decorating contest.

Robison came to Klamath Falls in June of 1952 from Berkeley, California to visit his daughter and son-in-law just prior to the birth of their first child. Although his daughter and son-in-law moved away from Klamath Falls soon after Robison came here, he and his wife decided they liked the Basin so well they built a home here and settled down.

Robison won the sweepstakes award for the best decorated home in 1953 and won an honorable mention in 1954. He won the 1953 award with his portrayal of a barbershop scene. So many people drove by in the evenings to see this scene that city police had to be called out to direct the traffic.

The work on his Christmas display is started in the summer and Robison said he does the work for the pleasure of it and as a hobby.

FIRST CHRISTMAS LIGHTING CONTESTANT Frank Robison, left, 2555 Eberlein Street, looks over an entry blank with Harold D. Howard, Jaycee chairman of the Christmas lighting contest. The Klamath County Junior Chamber of Commerce sponsors this contest annually.

### Ahlstrom Takes 'Last' Trip

DUNSMUIR—A "last" trip was taken by Tugner T. Ahlstrom, Southern Pacific engineer, on Friday, November 30. He was met by a crowd of well-wishers at the dispatcher's office congratulating him on 56 years of Southern Pacific service.

Ahlstrom went to work on Shasta Division as a call boy in August, 1905. He hired out as a fireman in May, 1907 and was promoted to engineer in 1917.

He and Mrs. Ahlstrom own their home in Dunsmuir and have announced no particular retirement plans.

### Lutheran Women Plan Donations

DUNSMUIR—Christmas donations were planned at the meeting of the Lutheran Women's Missionary League at the home of Mrs. John Seed. Clothing and money will be sent to the Bay View Lutheran Mission in San Francisco and food baskets will

be provided for those in need in Dunsmuir.

Mrs. A. J. Butters presented the meeting's topic, "Mary, Mother of Jesus." Devotionals were given by the Rev. Martin Schabacker and the thought for the day by Mrs. John Knack. Mrs. J. R. Loney, president, conducted the meeting. Refreshments were served by Mrs. Loney and Mrs. Seed.

The January meeting will be held at the home of Mrs. John Knack with Mrs. Leif Loney as co-hostess.

### Malin FFA Slate Meeting

The Malin Chapter, Future Farmers of America, has scheduled a leadership conference for December 9 and 10 to be held at the Malin High School.

Central Oregon FFA chapters invited to attend the conference are Lakeview, Madras, Culver, Bend, Redmond and Prineville.

A banquet is slated for Friday night at 6:30. The evening activities will include parliamentary contests between the chapters and a public speaking contest. Judges for the contests will be vocational agriculture instructors Chris Starr, Alturas; Al Christy, Cedarville; and Vern Hemstreet, Tulelake.

Saturday morning, the chapters will convene in a general session at 8 o'clock. The general meeting will be followed by group sessions in which the boys will participate with local leaders acting in the capacity of advisers.

Herb Pollard, field representative, First National Bank, Klamath Falls, will meet with the secretary group.

Robert Croft, teacher, Malin High School, will meet with the reporters and secretaries.

The Malin chapter has planned a tour of some of the Klamath Basin ranching enterprises for the visiting chapters following the conclusion of the group sessions.

CHANDLER  
SAN MATEO, Calif. (P)—A 50-pound wrought iron chandelier broke loose from the ceiling of a restaurant banquet room last night and killed a 74-year-old woman diner. The victim was Mrs. Christine B. Atwater, widow of the late H. Kent Atwater, former mayor of Burlingame.

THE REVEREND HUGO M. WARNKE will be installed as pastor of the Zion Lutheran Church at 4:40 p.m. Sunday in a special service at the church. The installation will be conducted by the Rev. E. Paul Reidell of Grace Lutheran Church in Ashland. Warnke has been the pastor at St. John's Lutheran Church in Covina, California, for four years.

### Broken Pole, Auto Found

An automobile registered to Phyllis and Len Phipps, 1603 Greensprings, was found early this morning by Klamath Falls police after it had hit a utilities pole in the 500 block on Riverside.

Investigating officers said that there was no one around the car when they found it at approximately 2:35 a.m. The pole had broken off about four feet from the top, they said.

They said the slick condition of the street last night might have been responsible for the accident.

## Janes Cites New Russian Bomber Force

LONDON (AP)—A world authority on aircraft said today that Russia's progress in jet planes soon will give the Soviets a "formidable bomber striking force."

It said the Soviets are turning out planes at 360 factories scattered from the Polish border to the Far East.

The new edition of "Jane's All the World's Aircraft" cited the latest known types of Soviet jet bombers displayed in formation strength over Moscow last July. These include the Type 37 four-jet heavy bomber believed capable of carrying an atom bomb and the Type 39 medium twin-jet bomber.

Janes emphasized that the Russians are turning these planes out at what is probably not the eventual full capacity production rate. It added America's aircraft industry "has probably reached its greatest production peak in peacetime."

The publication gave this appraisal of output:

"The capacity for production on the large-scale of medium and

heavy jet bombers may not yet be so great as for fighters... (but) the Type 39 has been shown off publicly in a formation of 84, and though the production figures have probably reached nothing like those for the (American) Boeing B47, it is felt in the West that Russia will very shortly possess a formidable bomber striking force."

Type 37 is the nearest Russian equivalent to the U.S. Air Force's eight-jet intercontinental bomber designed to carry the H-bomb, the B52. However, air experts have pointed out that the Soviets have come up with unusually powerful jet engines. Four of them in the Type 37 apparently do almost the same job that eight engines do for the B52.

The United States is believed to have held for a long time the production lead in medium jet bombers with the six-jet B47. This is the plane with which the Russian Type 39, with only two jets, would have to compete.

Janes said the Russians also have a new single-jet, single-seat

fighter plane, apparently an improved MIG17; a large swept-wing bomber powered by four turboprop engines; a twin-jet night or all-weather fighter and a small rocket-propelled interceptor.
