

Hill Residents Protest KF City Dumping Ground Site

Protests against the present location of the municipal dump were made to the city council Monday night by Winston Purvine, director of Oregon Technical Institute, and delegation of residents of the hill area between Klamath Falls and the mile-high OTI campus.

Knight Begins Pro-Ike Slate

SACRAMENTO, Calif. (AP)—Gov. Goodwin J. Knight disclosed today he is going ahead with formation of a pro-Eisenhower slate of delegates to the 1956 Republican National Convention.

Moving fast in a state rich with presidential possibilities, the governor said California's 70 votes will be pledged to himself as a favorite son, and only nominal candidate if the President doesn't seek a second term.

State election law forbids unpledged delegations. "We are proceeding with plans for the June (5) presidential primary campaign in California," Knight said, "on the assumption that President Eisenhower will accept renomination and will again lead the party to victory in next year's elections."

His press statement outlined plans for doing what Knight said all along he would do. Its timing, though, raised some question as to whether he is trying to stake out a claim on the big delegation, second only to New York's, ahead of Vice President Richard M. Nixon and Sen. William F. Knowland (R-Calif.).

Knight previously said he would be happy to have both Knowland and Nixon as members of his delegation. Known to be cool toward Nixon, he has been silent on whom he would support at the convention in the event Eisenhower bows out.

Don McDowell, one of the owners of the Klamath Disposal Company, said his firm was willing to relocate the dump, if a suitable site could be found.

Al Schmeck, real estate operator, said he could point out a canyon in the area which would be an ideal location for the dump.

E. H. Johnson, another hillside land owner, said smoke from the dump and the salvage plant, operated by Pete Rowe, sometimes made living in the area almost unbearable.

Purvine said that many visitors to OTI commented on the unsightly appearance of the area. He also said it was his opinion that the city dump and a salvage operation next to it were stymieing the development of a residential area along the OTI road.

Other residents of the area including Frank Chitwood and Mrs. Kathryn McDonald supported Purvine's stand.

A Foreign Office spokesman told a news conference the tanks were shipped out of this country as scrap. He said the British government was tightening up its licensing procedures to prevent further unauthorized shipments.

Egypt Gets British Tanks

LONDON, (AP)—The Foreign Office said Tuesday 15 British World War II tanks have been shipped to Egypt by private Belgian dealers despite official efforts to block their export.

The tanks were loaded Monday at Antwerp aboard the Egyptian vessel El Khira. They were World War II Valentines and had been reconditioned by a commercial firm in Belgium for military use.

A Foreign Office spokesman told a news conference the tanks were shipped out of this country as scrap. He said the British government was tightening up its licensing procedures to prevent further unauthorized shipments.

EDWIN STASTNY (right), 13, of Malin, receives first prize in his age group for the best record book submitted in the third annual Kiwanis 4-H potato project at the awards banquet last week. Presenting the award is Bryant Williams, Kiwanis member and chairman of the Oregon-California potato committee.

Carols Change Judges Mind

TOLEDO, Ohio (AP)—Strains of "Silent Night" filtered into a Common Pleas courtroom yesterday as 22-year-old Carl G. Martin was convicted of purse snatching.

Judge Harvey Straub had to decide whether to send Martin to prison or put him on probation. Hearing the carol, the judge said: "That does it."

He decided the prisoner should have another chance, with five years probation. While choristers from county departments on the floor below continued their caroling, another defendant came before the judge. He was Moses Hinton, 41, of Detroit, convicted of car theft.

The judge, giving Hinton three years' probation, noticed the man was wearing the same light topcoat he had when arrested last August. "Just a minute," the judge said. "I've got a coat here I don't wear very often."

So Hinton tried on the judge's overcoat in the courtroom, and finding it fit, was sent on his way.

PAINTER DIES
TUCSON, Ariz. (AP)—Carrino S. Paolo, 74, internationally known sculptor and painter, died Sunday at his Tucson home.
