

North Korea Serves Notice

TOKYO (AP) — The Communist North Korean radio served notice today it will fire on any United Nations planes which stray over the truce line.

The radio quoted from a Communist statement at yesterday's Military Armistice Commission meeting at Panmunjom.

At the meeting, the U.N. Command charged the Communists with "indiscriminate" anti-aircraft firing at an unarmed Allied helicopter north of Panmunjom Dec. 7.

The Communists brushed aside the protest, the radio said.

The U.N. Command said the helicopter pilot had lost his bearings. The command said three fliers have been killed by the Reds in the last year when they inadvertently flew over Communist territory.

Third 'John' Rocket Fired

FUJI-YOSHUDA, Japan (AP) — U.S. troops fired the Honest John rocket for the third time in Japan on the slopes of Mt. Fuji Wednesday. There were no serious incidents.

An estimated 160 labor unionists paraded, sang, waved banners and tried to break into the impact area to halt the demonstration. They were turned back by 400 Japanese police and 300 U.S. Military police.

Cold Wave Grips East Coast Regions

By THE ASSOCIATED PRESS

The coldest weather of the season held a tight grip over wide areas of the Northeast section of the country Wednesday.

Temperatures were below zero over most of the inland areas and near zero along the coast. Coldest spot was Mt. Washington, N.H., with a low of 26 degrees below, a drop of one degree from Tuesday's highest reading.

It was zero or below in many cities all day Tuesday, and little relief was expected Wednesday.

In Northern New York, Watertown reported 22 below. It was -19 at Rome, N.Y.; -18 in Massena, N.Y.; -14 at Burlington, Vt., and -13 at Rumford, Maine, and Albany.

The weather in the cold belt was generally clear and marked the second straight night of sub-zero temperatures in the New England region and sections of New York State.

New York City shivered in 7 above and in Boston the mercury edged around the zero mark.

There was some relief from the biting cold in the cold-plagued Midwest. The moderating trend which began over the Rockies spread over most of the Plains and into the Great Lakes region.

Temperatures were 10 to 15 degrees higher than 24 hours earlier. There were much more sharper rises in the Northern Rockies as warm winds sent temperatures soaring as much as 49 degrees after hitting sub-zero levels Tuesday morning. It was 46 above at

Great Falls, Mont., after a low of -2, and at Cut Bank, Mont., the rise was from -7 to 38 above.
