

THERE WERE NO INJURIES in this one car accident at Barkley Springs on Highway 97 north of Klamath Falls. F. C. McLaine of Portland lost control of his northbound auto, which rolled off the highway at about 8 a.m. Monday. Clyde England, Jim Olson Motors wrecker driver, pulls an imbedded post out of the ground to clear the way for moving the car as McLaine looks on. The accident was reported by Southern Pacific trainmen who radioed from a passing train.

### Five Million Workers May Get Automatic Pay Raises

WASHINGTON (AP) — About five million workers, perhaps several million more, will get automatic pay hikes during 1956.

These raises will boost the annual wage bill of American industry by a billion dollars or more.

The pay increases either have been negotiated by labor unions or will come through a jump in the federal minimum wage March 1 from the present 75 cents an hour to a dollar.

A Labor Department survey indicated last night the negotiated boosts will run generally in a range of 6 to 11 cents an hour, or from \$2.40 to \$4.40 for a 40-hour week.

Some of these union-negotiated pay boosts will be as low as 3 cents, some as high as 30 cents an hour. Some workers stand to get as much as 25 cents an hour more through the higher minimum wage.

The Labor Department's statistics bureau estimated that raises will fall due this year for at least 2,750,000 workers under major long-term labor-management contracts. These contracts run for two, three or even five years and provide in advance for specified annual boosts.

The bureau had calculated earlier that 2,100,000 workers would be entitled to increases under the higher federal minimum wage, approved by Congress last year. More than half these workers are in Southern states.

Officials expressed belief there is very little duplication between the two groups. They said most workers now paid less than a dollar an hour are not union members.

Moreover, the bureau's study of union-negotiated increases due this year was concerned only with contracts covering 1,000 or more workers. It seems safe to assume that a considerable number of workers in smaller bargaining groups also have deferred pay boosts coming in 1956.

PATRONS at Bing's Coffee Shop and Dining Room on South Sixth Street will be served in the coffee shop at this horseshoe-shaped counter. Stools are upholstered in green leather. Booths flank the counter on both sides. Mrs. M. L. Sutton, Tulelake, far left, visitor in Klamath Falls, had a bite to eat before leaving town. Ready to help serve patrons, are, left to right, Gloria Gray, Donna Cleveland, Mary Cummings and Ina Carpenter. The new addition to the Town and Country is owned and operated by Mr. and Mrs. Ted Bingham.
