By THE ASSOCIATED PRESS
Oregon State's defending Pacific Coast Conference basketball champions, even though the Beavers may be short on the offensive side, proved Friday night they have a defense to be reckoned with.

The Beavers held Washington State's undermanned Cougars to a paltry 12 points during the first half with a tight man-to-man defense and came out with a 49-40 victory.

Oregon State's 6-8 center, Dave Gambee, was the game's high scorer with 21 points. Larry Beck was Washington State's top scorer with 12.

The Beavers held a 25-12 half-time advantage.

In other PCC games Friday night, the winners were Washington, UCLA and California. The Oregon Ducks drew a bye.

Washington's Huskies made full use of the home floor advantage as they handed Stanford its first loss of the season, 57-42, and averaged two pre-season losses to the Indians.

It was the fifth straight home loss for the Huskies, as Washington moved into a 10-0

Fraley's Facts, Figures

By OSCAR FRALEY

NEW YORK (UP) — Fearless Fraley's Facts and Figures:

Bill Russell, the San Francisco court star being compared with the great Tom Gola, may make a sweep of collegiate basketball honors this year but he figures he is at least two years away from being a polished player.

"Maybe in two years I'll be a real good player," explains the six-foot, 10-inch Russell, who hopes to play on the U.S. Olympic team before turning professional. "But I'm not disappointed because I never thought I'd be even as good as I am right now." Which is plenty good, at that.

BALLPLAYERS BOWLING

Bowling has a host of devotees among major league ball players. Ted Kluwe, Jack G. Bell, Wally Post and Joe Nuxhall of the Cincinnati Redlegs and Herm Wehner of the Phillies are among benefit matches in Cincinnati. Joe Garagiola, the former Cardinal catcher, recently rolled a 579 series. Seems like some smart promoter ought to put on a major league tournament before the boys go to spring training.

San Francisco may be the nation's top ranking college basketball team but Coach Honey Russell of St. John's Hall claims that Cincinnati is "as good as any of them."

"And Cincinnati players tell me that Dayton is the absolute best in the country," Russell adds, "and they won't take any back talk from San Francisco." Anybody wanna argue?

The estimate of 30 million people participate in small boating activities. That prompts H. B. Atwater, head of an outdoor firm, to predict that in 20 years "boats," which are motels for boat travelers, will be almost as plentiful as the variety of animals and the wilderness of necessity will have traffic cops. Imagine the parking tickets.

CLEANING FIRM

Mike (Big Bear) Garcia, Cleveland's right handed pitching star, has opened a dry cleaning and laundry business in Cleveland. He calls it the "Big Bear Co." Probably got the idea after being taken to the cleaners last season with his 11-13 record.

When Monte Pascoe, a Dartmouth College student, went on a TV quiz show recently he was kidded by the M.C. about having to watch his college football team lose six games.

"Worse than that even," Pascoe replied ruefully. "I played 'em."

Helfand Has Guild On Ropes

NEW YORK (UP) — It's too early to count up the rounds in a rapidly changing battle but it looks today as if Julius Helfand has his chief opponent—the Boxing Guild of New York—on the ropes.

The crusading chairman of the New York State Athletic Commission scored two vital knockouts Friday. President Jim Norris of the powerful International Boxing Club assured Helfand of his "100 per cent support" and Gov. Theodore McKeldin of Maryland vetoed his commission's permission for the shift of the London Sporting Club's Monday night television nights from New York to Baltimore.

Several members of the Guild, which had voted 66-0 Thursday night to defly the edict of the commission to dissolve by Jan. 16, appeared ready to throw in the sponge.

Helfand had ordered guidelines to sever connections with their organizations—which he charged as being "monopolistic," "devious," and "extortive"—or face loss of their licenses.

Norris' statement that he intended to keep on promoting boxing in New York and make "drastic moves" if he had to, came as a surprise to many of the managers who thought he would stick with the Guild. In the past he has stated "I need the guild; the Guild needs me."

"The executive board of the Boxing Guild of New York will decide what to do," said Charlie Johnston. "They'll meet over the weekend, go over everything and see what's what. The board always handles things."

Norris followed up his statement that "we're cooperating with Helfand 100 per cent" by announcing he had signed middleweights Gene Fullmer of West Jordan, Utah, and Gil Turner of Philadelphia, for Jan. 20 at Syracuse, N.Y., with Helfand's approval.

Fullmer is managed by Marv Jensen of West Jordan. He is not a guild member. Turner is managed by George Katz, Philadelphia, a member of the Keystone State Managers Guild.

USF Dons Nearing Victory String Mark; Register 37th

By The Associated Press
Unless another major earthquake hits San Francisco, major college basketball's 19-year-old winning-streak record has just 15 more days to live.

The 39-game string of successes was set by Long Island University in 1935-37. Seton Hall matched it in 1939-41.

San Francisco's top-ranked Dons figure to tie the next Friday against Fresno State. And they ought to break past the barrier Jan. 28 against California. They meet Santa Clara next Tuesday.

The Dons closed in on the record by peppering Pepperdine 62-51 last night. It was their 11th success in the season and their 37th straight matching the old record set by Texas in 1918-17.

San Francisco hustled past Pepperdine in typical style with All-America Bill Russell showing the way with 23 points and commanding the boards with 21 rebounds.

West Virginia, No. 19, was the only other ranked team on the go last night and the Mountaineers were dumped to a third defeat 54-53 by up-and-down Villanova. Jack Weissman's two foul shots with 68 seconds left did it.

In league action, great defensive play sent Washington to a 57-42 victory over previously unbeaten Stanford in the Pacific Coast Conference.

Dartmouth, figured as an Ivy League favorite, was upset 65-65 by Penn while Princeton ran away from Brown 85-58.

In the Southern Conference, Davidson smacked The Citadel 65-59.

Idaho State, champions of the Rocky Mountain Conference, defeated Montana State 68-54 and Colorado Western beat Colorado College 81-52.

Temple, one of five remaining major unbeatens, made it 8-0 by whipping Scranton 90-60. And Little Holstra defeated Albright 79-77 for a 12-0 mark.

Southpaws Needed By Milwaukee — Grimm

By BOB PARKIN
United Press Sports Writer
GRAY SUMMIT, Mo. (UP) — Manager Charlie Grimm of the Milwaukee Braves said today he would give his banjo-plunkin' left arm for some good left-handed pitching.

The National League's senior manager said his second-place Braves were set for the 1956 pennant battle with the exception of lefties in the bullpen and a possible replacement at second base.

Grimm expects a "helluva" battle from Toledo's Frank Torre for the first base job.

"I like my ball club," the infamable Grimm said. "If we stay intact and Gene Conley comes through, we've got as good a chance as Brooklyn or anybody else."

Conley, the big right-hander who suffered an injured back after compiling an 11-7 record, is the club's big IF. He went out on the Braves because he was one of 10 games behind the championship-bound Dodgers, against whom his record showed consistent mastery.

GOOD BALANCE

"The picture of 1955 to me was good balance in this league, except for Brooklyn," Jolly Cholly said. "I don't think they'll get off as good a start as they even better balance this season."

"They took it all because they were terrific... but this is 1956," Grimm, basking in the glow of the fireplace at his hilltop farm home, foresaw a lack of left-handers as a weakness on the Braves, but he hopes to make up for it with a team of southpaw hurlers, Milwaukee has one of the best in 17-game winner Warren Spahn.

"Spahn, Lew Burdette, Bob Buhl and Ray Crove proved last year they can carry the load," he said. "The handsome South American had to get off the floor and close Friday night's 10-round nationally-televized battle at Madison Square Garden."

Savage is the veteran from Salt Lake City who pulled the old "shoestring trick" on Holly Mims at St. Nicholas Arena last year. Yelling at Mims "look out, your shoestring's untied" he belted the gentleman on the whiskers when he dropped his glance.

Savage said in his dressing room Friday night he would have tried the "shoestring trick" on Lausse, too, but he found out that Eduardo Lausse's English is limited to a few phrases.

"I throw jobs to his body, just enough to get his guard down," said Savage. "When I threw the right, his chin was there."

Lausse got right up almost as soon as he hit the floor after taking that right but he had to go to a neutral corner while Referee Barney Felix gave him the automatic eight-count required by New York rules.

Cut on the right eyebrow in the eighth round, Lausse showed the works in the ninth and tenth to pain the draw. In the last round he battered Savage from corner to corner in decisive fashion but couldn't drop him. Lausse, the 5 to 1 favorite, weighed 159 1/2, Savage 159.

Lausse's winning streak of 31 fights wasn't broken although it was slightly bent.

The voting was close. Judge Artie Alda had it 5-5 with six points for each. Judge Frank Forbes' score saw Lausse on top 63-61 and Referee Felix had it for Savage 54-41. The AP card was 5-5.

Sucker Shift Discussed By NCAA Group

LOS ANGELES (AP) — The "sucker shift" was under scrutiny today by a hand-picked group of the nation's collegiate football coaches.

The group, the Rules Committee of the American Football Coaches Assn., was in session as athletic administrators from across the nation gathered for the 50th annual convention of the National Collegiate Athletic Assn.

Although the coaches' rules committee is solely an advisory group, the NCAA rules panel which meets late next week, will listen to its recommendations.

Ray Eliot of Illinois, APCA president and a member of the NCAA Rules Committee, said before today's meeting he anticipated that major changes in the rules would be recommended. But, he said, the "sucker shift" which is dignified in the rule book as "false start," certainly would be discussed.

The "sucker shift" is a movement by an offensive team from one formation into another. It's legal, but has been used sometimes in the past solely as a gimmick to draw the defensive team offside and earn a five-yard penalty.

If you watched television of the East-West Shrine game at San Francisco last Saturday, you saw what one of the East coaches said later was a perfect example. The West shifted from the split T into the single wing, an absolutely legitimate move utilized frequently by such multiple offense teams as Michigan State and Southern California. But, according to the East coach, there was much shouting by the West players which confused the Easterners. They jumped the pass from center and an offside penalty was assessed.

'Red Tape' Shows Tatum Interview
CHAPEL HILL, N.C. (AP) — The much-publicized move to return Maryland's Jim Tatum to the University of North Carolina as head football coach was bogged down in official routine Saturday.

There was no official hint as to whether an agreement had been reached with general Jim, the Tar Heel alumna who made good at College Park. Tatum spent Friday in a round of conferences with the university's top brass.

Not was there any official word as to whether any announcement, favorable or otherwise, would be made. There were indications, however, that one might be forthcoming this weekend, before university athletic officials depart for the West Coast and the National Collegiate Athletic Assn. coaches meetings.

Milo Savage, Lausse Battle To Ring Draw

NEW YORK (AP) — Eduardo Lausse, the darling of Argentina, knew Saturday why they call Milo Savage a "cutie."

The handsome South American had to get off the floor and close Friday night's 10-round nationally-televized battle at Madison Square Garden.

Savage is the veteran from Salt Lake City who pulled the old "shoestring trick" on Holly Mims at St. Nicholas Arena last year. Yelling at Mims "look out, your shoestring's untied" he belted the gentleman on the whiskers when he dropped his glance.

Bylines From The Sidelines

(Bylines continued from Page Seven)

York Yankees are the center of the conversation... there may not be any Frank Lanes or Chuck Comskys in the Yankee organization, but the Trader Dons of the Bronx Bombers are at work, even though they won't admit it... the New Yorkers are desperately in need of a shortstop, but with infielders like Billy Martin, Gil McDougald, Gerry Coleman, bonus baby Tom Carroll and of course the old master, Phil Rizzuto, the problem doesn't seem too far from solved... the Phil Rizzuto, the problem doesn't seem too far from solved... the Phil Rizzuto, the problem doesn't seem too far from solved... the Phil Rizzuto, the problem doesn't seem too far from solved...

HERE ARE A FEW DIPS into the organization recently formed by a fellow sports scribe in Cleveland... Brooklyn will repeat their form in the National League and the Yankees will return to make for another subway series next October... but this time, the Yankees will bounce back to the top spot for one big reason... Uncle Sam has called Johnny Podres, the Bums' Yankee killer... Harvey Kuenn and Al Kaline will supply the Detroit Tigers with one of the finest one-two punches seen in modern-day baseball... and to top that off, Kaline will staze a nip and tuck battle with New York's Mickey Mantle for the home run, runs scored and runs batted in crowns in the American League... Stan Musial will hit above the 300 mark for the 19th straight season only in 1938 when "The Man" broke into baseball with Williamson of the Mountain State League, has he hit below the 300 mark, that year he had a .258 batting average, but Willie Mays, Duke Snider and Roy Campanella will make it rough on the St. Louis star for the National League batting crown... Robin Roberts will push his string of 20 or more wins to the seventh consecutive season... Ted Williams will again lead the Sox into the fight for pennant honors, but the Bear Town Bombers will have to take a back seat to New York... Chuck Comsky has traded the White Sox of Chicago out of contention for first into a battle for fourth spot... Cleveland is almost certain to get help from Chicago castoff Chico Carrasquel and veteran Al Rosen, who had a pitiful year this past season... Bill Rigney will be in the running for Manager of the Year award by rebuilding the Giants into a scrappy ballclub, but he needs help from the front office... Rigney by the way was selected by The Sporting News as the minor league manager of the year... and the biggest gamble is the guess that attendance figures will reach a new top, as could very well be the case all over the nation.

SC Hires Grid Boss

COLUMBIA, S.C. (AP) — The University of South Carolina has hired a youthful student of the split-T, 31-year-old Warren Giese, to bolster its sagging football fortunes.

Giese, a member of the Maryland coaching staff since 1948 and more recently Jim Tatum's chief assistant there, signed a 3-year pact as head coach replacing Rex Enright, who will become fulltime athletic director.

The appointment, long rumored, became official Friday with an announcement by South Carolina President Donald Russell. Giese, a native of Milwaukee, reportedly will get \$12,000 annually.

Falcons Whip OCE

SEATTLE (AP) — Seattle Pacific's high-scoring Falcons fashioned a 29-point bulge in the second half Friday night and then turned the reins over to the reserves in a 92-65 conquest of Oregon College of Education.

The game was a tight affair in the first half, which ended with the Falcons in possession of a one-point edge at 35-34.

Seattle Pacific stormed back in the second half, however, and simply showed the Oregonians under in a great exhibition of point-making.

EOCE Tops Raiders

LA GRANDE, Ore. (AP) — Eastern Oregon's Ted Schadewitz and Lowell Kolbaba combined talents for 56 points Friday night as EOC powered by Southern Oregon, 86-76, in the Oregon Collegiate Conference basketball opener.

Schadewitz contributed 29 of the 56 points. Kolbaba got 27. Bill Hollingsworth of Southern Oregon matched Schadewitz' total.
