How to have a
SNAPPY
NEW YEAR

Take a New Year-like this one.
Take a new Buick-like this one.
Put them together, and what have you got?
You've got just about the snappiest time of your entire motoring career - in power and performance and prideful good feeling.
It begins when you drive away from the showroom.
Heads turn to follow your brand-new Buick with its stunning sweep-ahead styling, racy contours, vivid colors.
Next thing you notice is the silken power delivery of a big new 322-cubic-inch V8 engine with the highest output of high-compression horsepower in Buick history.
But it's not till you enter the stream of traffic that you discover you're bossing the smoothest package of nimbleness on four wheels...
Because this time Buick engineers have added a new marvel to the performance of Variable Pitch Dynaflo.*
It's something they call "double regeneration" - and it gives you solid new take-hold, sensational new take-off, and exquisite new control right in your normal cruising range at only part throttle - and with new gas savings to boot.

Then, when you want an extra helping of "go" for safety's sake - just floor the pedal and switch the pitch for added take-off that literally wings you on your way.
But there's even more to the story than that.
There's the easy way your Buick turns and parks and handles and does what you want it to do, as though it had a private line to your thoughts.
There's the fresh and eager bounce to your step after a long day's drive - thanks to Buick's deep-oil-cushioned luxury ride.
And there are Buick's surprisingly low prices to consider, along with the outstanding trade-in deals that Buick's volume sales permit us to make.
Come in - drive the best Buick yet - hear our offer - see if you don't snap it up. Can you visit us this week?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century - optional at modest extra cost on the Special.
